Gong Lingyu frowned and rejected her without hesitation. Wanwan, why are you still drinking when you're like this? I'll take you home to rest. Have a good sleep and you'll forget everything. When you wake up tomorrow, it'll be a new day.

"I just want to drink!" Su Wanwan looked at Gong Lingyu and said stubbornly, "either you drink with me, or I drink it myself!

".....?"

Gong Lingyu didn't say anything, so su Wanwan didn't force him. then I'll drink it myself!

After saying that, she was about to push open the door and get out of the car!

Upon seeing this, Gong Lingyu quickly reached out to hold her back and sighed helplessly. Alright, alright. I'll accompany you, alright? "

He pulled su Wanwan back to the front passenger seat and placed the water in her hand. drink the water first, then we'll go buy wine, okay? "

Su Wanwan took the bottle of water, clenched her hand, and slowly drank a mouthful. After swallowing it, she said thank you in a low voice.

Gong Lingyu drove. When he passed by a 24-hour convenience store, he got out of the car and entered. He originally only wanted to buy two or three bottles for the sake of it. In the end, su Wanwan directly took a pack and left with it. Then, before he could react, she had already paid the money, left the door, and returned to the car.

Gong Lingyu couldn't help but shake his head before he caught up to her.

The car drove to the seaside of L city. It was especially quiet at night here and there were not many people. It faced the sea and the cool wind blew gently. It was very comfortable. As soon as the car stopped, su Wanwan jumped out with the beer and walked towards the seaside.

Gong Lingyu also got out of the car and followed behind her.

The two of them sat down on the beach. Su Wanwan kicked off her high heels and directly crossed her feet. Then, she took out a bottle of beer and pulled the hook with ease and familiarity. Some of the bubbles of the beer came out and got stuck in her fingers. She licked it casually, raised her head, and directly took a big gulp.

Gong Lingyu had never seen this side of su Wanwan before. He was dumbfounded. Wanwan, I'm teasing you. Will you drink like this in the future? "

She had always been a lady in front of him, but she didn't expect him to be so generous.

"Yeah, I've always been like this. Disappointed, right? She's not the goddess you think she is. It's just that in the past, Grandpa always lectured me, saying that I don't look like a girl, that I'm not dignified, that if I look like this, the men in our circle will not like me, so I can only pretend and pretend, pretend to

be a goddess, pretend to be a lady, but so what? In front of me, those men said that I was beautiful, that I had a good temperament, and that they admired me. In the end, all of them criticized me behind my back for being pretentious and calling me cheap. If it wasn't for grandpa's constant reminders, I would have splashed wine on each of their faces."

Gong Lingyu couldn't help but laugh when he heard that. you should have gone up and splashed them.

"I will definitely do so in the future."

She was already Su Wan now, no longer the Su family's Su Wan. She could do whatever she wanted and no longer aggrive herself.

"Yes, don't worry. I'll definitely help you when the time comes."

Su Wanwan curved her lips and smiled. She took another bottle of beer, unscrewed it, and handed it to Gong Lingyu. Then, she raised her own beer and said to him, "Cheers!"

Gong Lingyu took it but didn't drink it. I still have to drive. Wanwan, you can have some too.

Su Wanwan didn't care and continued to drink. but you know what? I don't care how others scold or criticize me. I'm thick-skinned, but I can't stand a single word from PEI Munian."
