Su Wanwan's sudden move made the nurse unable to react in time. It was not until she walked out of the room that the nurse hurriedly chased after her. Miss Su, where are you going? This Yueyue isn't done with the examination yet! Miss Su!"

Su Wanwan ignored the calls behind her and walked straight to Yu Jia's consultation room. When she rushed in, Yu Jia was treating a patient. When he saw Su Wanwan's Red eyes and pale face, she was stunned for a moment and then understood.

She first said to Su Wanwan, " go sit on the sofa. We'll talk after I'm done seeing this patient.

Su Wanwan didn't speak. She only slowly walked to the sofa and sat down.

After Yu Jia finished her consultation, she sent the patient out of the consultation room. Then she closed the door, turned around, looked at Su Wanwan, who was curled up on the sofa, and sighed.

Yu Jia walked to the water dispenser, poured a cup of warm water, walked to the sofa, sat down, and handed the cup to Su Wanwan. She said softly, " "Have a glass of water first."

Su Wanwan wrapped her hands around her knees and placed her lower body on them. Her eyes were listless and her soul seemed to have been taken away. She didn't hear Yu Jia's words at all.

Yu Jiawei put down his cup. Wanwan, we've been apart for too long. I don't know anything about your current situation, so I don't know how to comfort you. But if you want, I can be your most loyal listener, just like before. You'll tell me everything, happy and unhappy.

It wasn't that Su Wanwan didn't want to tell Yu Jia, but she really didn't want to recall those embarrassing and heart-wrenching things. Her heart was already in enough pain and she didn't want to be in so much pain that she couldn't live.

Su Wanwan didn't speak and Yu Jia didn't force her. He only said, " it's fine if you don't want to tell me. What do you plan to do with Yingluo? "

She had called her before to ask her about the birth control pills, and with her current reaction, it was obvious that she did not want children. Now that the child had come so suddenly, it was no wonder that she could not accept it.

What's the child planning to do?

Su Wanwan's hand unconsciously clenched. She used too much force and her fingertips were pale. She took a breath and her lips opened and closed several times. Finally, she said, " I, I don't want this child.

If this child had come at any other time, she would definitely want it. But now, she couldn't afford to have Yingluo.

he was not afraid that she could not afford it, but he was afraid that she could not give him happiness and let him grow up happily.

Because this child was destined not to have a father. He was born and could only grow up in a broken family. He couldn't feel the happiness and warmth of a complete family. She had experienced it before and knew the pain of an incomplete family. She had experienced it herself, and she didn't want her child to experience the same. That was why Hanhan didn't want to give birth to him and suffer.

Su Wanwan's Black eyes fixed on Yu Jia and she said, " Yu Jia, arrange the operation for me, the sooner the better!

She spoke very quickly and finished in one breath, as if she was afraid that she would regret it if she spoke any slower, and she would be reluctant to leave.

Yu Jia wasn't surprised by her answer, but they had been good friends for many years, so she could see the struggle and confusion in her eyes. Perhaps she didn't know what she was talking about and just wanted to get rid of the pain in front of her.
