

Deeply 361

361 I'd rather you hate me (7)

Su Wanwan's words, one word at a time, entered PEI Munian's ears, like thousands of needles stabbing her ruthlessly. Her black eyes suddenly changed and her face suddenly sank.

Su Wanwan's hands were clenched tightly. She tried her best to smile. PEI Munian, if this child was yours, I would definitely abort it without hesitation. But this child is mine. I want to give birth to it, I want to abort it. That's my own business. You can't interfere!

No matter what, she had to protect her child and not allow anyone to hurt him.

PEI Munian's Black eyes glared at su Wanwan. The anger in the bottom of his eyes surged. Su Wanwan's words almost burned away all his rationality. His hands clenched into fists. He clenched them too hard and blue veins popped out. Fortunately, he still had the last bit of rationality left.

"Su Wan, even if you really courted this child with another man that night, there's still a 50% chance that it's mine."

PEI Munian's Black eyes narrowed, her eyes full of determination. su Wan, since you want a divorce, then I can't leave any trouble behind to avoid future trouble. This child, whether it's someone else's or mine, you can't keep it!

Only then did su Wanwan realize that PEI Munian asked to meet her today not to talk about the divorce at all, but for his face and to get rid of future trouble. So he asked her to come here only to abort her child!

"I won't let you touch my child!"

Su Wanwan shook her head hard, then she suddenly got up and quickly ran to the door.

PEI Munian didn't expect her to do this and was stunned for a moment. However, he quickly reacted and jumped up from the sofa, running after su Wanwan.

Su Wanwan had just grabbed the door lock and was about to turn it open when PEI Munian caught up from behind. He grabbed her wrist and pulled her hand away from the door lock.

Su Wanwan's hand was shackled and she anxiously lifted her foot to kick PEI Munian. She couldn't let him catch her like this. Otherwise, if he used forceful means without a care, then her child would really be gone.

However, as soon as she lifted her foot, PEI Munian knelt down and pressed her against the door. He twisted her hands behind her and pressed his thigh against her legs. Su Wanwan was trapped in front of him and couldn't move.

"Su Wanwan, you better be honest!" PEI Munian berated.

His original intention was only to make use of the divorce to make her abandon this child. He didn't expect her to be so determined. He couldn't judge whether what she said just now was true or false. He

also didn't want to care about those true or false. He only knew that su Wan's life was the most important right now, so he couldn't let su Wan go now!

PEI Munian freed one hand and took out her phone from her pocket. She quickly made a call and immediately said, "drive the car to the entrance.

Su Wanwan had been struggling violently. When she heard PEI Munian's words, her whole heart thumped and instantly fell to the bottom. PEI Munian was going to forcibly take her to abort the child now?

No, no, absolutely not!

Su Wanwan's hand was twisted behind her back by PEI Munian. She couldn't break free and her feet couldn't move. She opened her eyes wide and looked at PEI Munian's neck that was so close to her. Without thinking, she opened her mouth and bit it.

Su Wanwan used almost all the strength in her body and bit her mercilessly. PEI Munian was caught off guard and felt pain. She loosened her hand and su Wanwan took the opportunity to push him away. She opened the door and ran.
