

Deeply 375

375 A silent love (1)

PEI Munian did not say anything else. Her dark eyes followed the car downstairs until it drove away and disappeared into the traffic.

PEI Munian slowly retracted her gaze. After a moment of silence, she said, "assistant Wu, Wanwan, there's something I need you to arrange."

—

Xiao Mei sent Su Wanwan back to the hotel and helped her to the hotel room. Then, she carefully let her sit on the bed and poured her a glass of warm water.

Su Wanwan held the cup with both hands and slowly drank a few mouthfuls of water. Her suspended heart finally settled down a little.

She had finally left the hospital and managed to keep her child for the time being. However, she still felt a little uneasy. She had a feeling that this matter would not end so easily.

Perhaps she was thinking too much, but it was always better to be safe than sorry. PEI Munian's ruthlessness towards her was still vivid in her mind.

What she had to do now was to completely disappear from PEI Munian's sight and have nothing to do with him. Only then would she have a greater chance of giving birth to her baby safely.

Su Wanwan put down the cup and looked up at Xiaomei, saying, "Xiaomei, have you found the apartment I asked you to find?"

Xiaomei replied, "I've found a few rooms according to your request. We're just waiting for you to take a look. I've also found a few aunts. They're all tight-lipped and reliable. You can also interview them and see which one you like."

Su Wanwan nodded with satisfaction and continued: "What about the headhunting company? Have you found a suitable candidate?"

"The headhunting company has recommended a few people to come over. They're also waiting for your decision."

Alright, investigate the background and qualifications of those people and give me a comparative analysis report by this week.

"Understood." Xiaomei paused for a moment and continued, "the apartment and aunt's place are in a mess."

"Pick a time in the next few days and ask them all to come. I want to meet them together."

"Alright," he said.

Xiao Mei reported the company's situation to su Wanwan over the past few days. Seeing that su Wanwan's expression was dazed and her eyebrows were full of fatigue, she kept it short and said, "Wan-Jie, you should rest first. I'll come and see you tomorrow."

"Yes."

Xiaomei got up and turned to leave. Su Wanwan suddenly thought of something and called her. Xiaomei quickly stopped and asked, "Sister Wanwan, is there anything else?"

Su Wanwan pursed her lips and said: "when you come over tomorrow, buy me a new phone.

alright, then does ran ran need to give me your phone number?"

Su Wanwan was silent for a few seconds and replied in a low voice, "no need, change to a new number.

From today onwards, she was going to say goodbye to her past. She was going to cut off all the past that was related to PEI Munian, completely cut it off.

—

Su Wanwan recuperated in the hotel for a few days and her body slowly recovered. During this period, she also went to the hospital to check on the baby in her stomach. She did have some signs of a miscarriage. In addition, her mood fluctuated too much, so the child was more or less affected. Yu Jia told her to take good care of herself. Otherwise, if she bled again, she might really have a miscarriage.

After that, su Wanwan chose an apartment and the Auntie. The day after signing the contract, she moved into the apartment with the Auntie.

Although su Wanwan didn't have many things, it took a lot of time to sort them out. Su Wanwan saw that the Auntie had been busy for most of the day, so she let her rest first.

After the helper left the room, she gently closed the door. After closing it tightly, she took out her phone from her pocket.
