380 Silent love (6)

Assistant Wu looked up and saw that PEI Munian's face was frighteningly pale through the rearview mirror. He furrowed his brows in worry and could not help but ask, "boss PEI, you should worry about yourself first. Don't talk or move around."

Why was he still calling Auntie Zhang at a time like this!

"Let's fight now!" PEI Munian's tone became more serious. Even though she was weak, her tone was unquestionable.

Assistant Wu was shocked by his words. She sighed and had to stop the car by the side of the road. Then, she took out her phone and called aunt Zhang.

When the call came in, Auntie Zhang was cooking ginger soup. When she saw the caller ID, she first walked to the kitchen door and looked at the master bedroom. The master bedroom door was closed. Su Wanwan should be taking a shower and changing her clothes. She was relieved and pressed the answer button. Hello.

The man's weak and suppressed voice came slowly from the other end of the phone. He said each word slowly, "she, is she okay?"

Although the 'her' did not name anyone, aunt Zhang naturally knew who he was referring to. She hummed in agreement and replied, "I'm fine. I'm just a little wet from the rain."

"Then, did Zhenzhen get suspicious?"

"I don't think so, but miss su is very worried about your injury. Sir, are you okay?"

"I'm fine," she said.

"But your voice is hoarse."

"It's fine as long as she's fine,"

PEI Munian's voice was tinged with relief. Then, Auntie Zhang heard assistant Wu exclaim in surprise and the call was hung up.

—

Assistant Wu saw that PEI Munian, who had already fainted in the back seat, still had a smile of relief on her lips. For a moment, his heart was filled with emotions.

What was love in this world?

During this period of time, he knew that Big Boss not only asked Auntie Zhang to take good care of young Madam, but he had also been silently protecting young Madam.

He had already bought the apartment that the young Madam was living in and had installed a camera in the apartment. He was afraid that something would happen to her, so he had been watching the camera almost 24 hours a day.

When young Madam went out, he would follow her. When she went for a walk, he would follow her. When she went to the classroom of the future mother, he would accompany her outside the classroom. It was as if wherever she was, he would always be behind her, silently accompanying her, and loving her in his own way.

The most profound and emotional incident was that day. It was also raining like that day.

The young Madam had come out for a walk without an umbrella. As it was close to home, she did not call for an Auntie. Instead, she walked back quickly. At that time, Big Boss had not been able to bring an umbrella for the young Madam, and the path the young Madam had taken was a slope. He walked on the slope, holding an umbrella, and under the cover of the railing, he escorted the young Madam back to the apartment.

That day, the big BOSS was completely drenched, but the young Madam only got a little wet at the bottom of her pants. He even had a cold for a few days. Last time, it was just a cold, but this time, he was directly injured.

Assistant Wu was touched, but she felt even more sad.

When PEI Munian regained consciousness, it was already late at night. He had just moved when the pain in his back was pulled. The pain hit him. He gritted his teeth and took a deep breath. Then, he stretched out his hand and took his phone. The first thing he did was to turn on the surveillance camera.

The night light in the bedroom was on. PEI Munian saw the slender figure lying quietly on the bed and her heart finally relaxed. However, she did not seem to be sleeping well as her body was tossing and turning.
