

Deeply 400

400 I don't want a child (10)

su wanwan didn't know where she got the strength from. she suddenly got up from the bed and slapped pei munian's cheek hard. she growled in a low voice, full of anger and despair, " murderer! "

She had clearly used up all her strength, but in fact, the slap she had given PEI Munian was soft and powerless. It was as if she had only touched PEI Munian's face for a short while. However, the anger and murderous intent in her eyes were sharper and more terrifying than ever.

PEI Munian was hurt by the look in her eyes, but she could understand her feelings. Because the child was gone, she was not the only one in pain. He was also in great pain.

Even if he wanted to give up the child to save her life, he couldn't accept the sudden loss of him, just like her, and his heart ached.

However, the child was already gone. This was a fact that couldn't be changed. Su Wanwan was already so sad. He couldn't be sad with her because he still needed to take care of her and treat the blood clot in her head.

Between the two of them, she could be weak as much as she wanted, but he had to hold up the sky for her.

Su Wanwan's hands kept slapping PEI Munian, or she clenched her fists and hit his chest ruthlessly. Her tears kept flowing out and her emotions collapsed little by little.

PEI Munian did not move at all, allowing her to hit him to vent her anger. In the end, she lost all her strength and was only left crying in despair. He then slowly raised his hands and hugged her.

His eyes reddened uncontrollably and his deep voice became even lower, with a barely noticeable hoarseness. Wanwan, I'm sorry, I'm sorry, I'm sorry, I'm sorry, Wanwan.

He actually had a lot of things he wanted to say to su Wanwan, but when the words reached the tip of his tongue, they all turned into this apology.

He had failed to protect her and their child. He vaguely remembered that night when he had seen the rough outline of the child in the ultrasound photo. He was already a small life, a small life that had fused with their blood, but in the end, he had turned into a pool of blood and disappeared from this world.

The half-month agreement between them had already ended before a miracle could happen.

Su Wanwan listened to PEI Munian's apology and felt that it was exceptionally funny. At that time, she begged him like that, put down all her pride and self-esteem, and put herself in the lowest and most humble position. She begged him to let go of his child, even if he had a trace of pity in his heart. However, he still ruthlessly pulled her hand away and signed the operation consent form. He was heartless and cold.

And now, he was here to apologize to her?

Su Wanwan was stung by these words. She suddenly reached out and pushed PEI Munian away. She glared at him fiercely and angrily said, " sorry? PEI Munian, you killed my child and now you're apologizing to me? what are you doing? Was he here to repent because he felt guilty? I'm telling you, you can forget about being saved in this life, because you killed an innocent child with your own hands! Your hands are stained with that child's blood!"

She had always known that he didn't love her and hated her, but that was a matter between them. He could take revenge on her as he pleased, but why did Qianqian have to drag her innocent child into this?

Without any mercy, he slashed the knife in his hand at the child!

Would he really not be afraid, uneasy, or have nightmares when he thought of that child in his dreams at night?
