

Deeply 402

402 Give me back my life (2)

When PEI Munian mentioned the blood clot, su Wanwan was stunned for a moment. She didn't think that he would know. However, in just a second, she understood.

He had investigated her pregnancy before, so he should have known about the blood clot as well.

It was just that the words he was saying now made her feel even more ridiculous.

In order to exonerate herself, he was actually talking about the blood clot in her head? What right did he have to decide her life? Also, how many children did Yueyue want? Just how many?

She only wanted this one, but he had ruthlessly aborted it, afraid of leaving behind future trouble. How could there be any other?

Su Wanwan lowered her eyes and chuckled again. She raised her eyes. The bottom of her eyes was dark and deep, without the slightest ripple or emotion. Her lips moved and she said word by word, " PEI Munian, what do you want to do this time? "

PEI Munian's Black eyes narrowed and he didn't speak for a while. He should be saying that he didn't react to su Wanwan's sudden words.

Su Wanwan's emotional breakdown slowly calmed down, leaving only a strange calmness. She looked at him for a few seconds and continued, " Oh, I know. Are you trying to say that you love me and can't bear for me to die, so you want to abort my child and let me have the operation? "

Su Wanwan's voice was soft and actually carried a little gentleness, but her eyes were extremely cold, as if tempered with a thousand years of ice, making people's hearts tremble fiercely.

PEI Munian's throat was extremely dry. He clenched his fists unconsciously, took a deep breath, and said, " Wanwan, it's true that Wanwan wants you to live well. I don't want to lose you.

"Ha."

PEI Munian had just finished speaking when su Wanwan sneered. you don't want to lose me? "

Su Wanwan muttered and repeated PEI Munian's words several times. Her eyes gradually became moist uncontrollably.

Such nice words.

He said he didn't want to lose her.

This was no less than when he had told her he loved her on the Ferris wheel.

She had once been so moved, so happy, so happy, as if all the good things in the world had fallen on her. He had carried her to heaven, and then the next second, he had pushed her into hell without hesitation, and she had fallen into pieces.

This kind of pain, when she thought about it now, was still so heart-wrenching and terrifying, but he wanted to do it a second time?

“PEI Munian, do you think I still believe you? My child is already gone, haven’t you gotten enough revenge?”

Su Wanwan didn’t want to be affected by PEI Munian anymore, but when she thought of her poor child, she couldn’t control her emotions at all. Her voice suddenly rose and she glared at PEI Munian, gritting her teeth. PEI Munian, get lost. I don’t want to see you. I don’t want to see you in this life!

When she saw him, she was reminded of her child. That heart-wrenching scene kept replaying in her mind. Her eyes were bloodshot. She hated him, hated him to the core!

If she had the strength now, if she had enough strength, she would really rush over and fight him to the death to avenge her child!

“Wanwan, Wanwan, Wanwan.”

PEI Munian still wanted to say something, but Su Wanwan moaned in pain. Perhaps she was too excited and her headache started to act up again, so she couldn’t sit still and fell forward!
