403 Give me back my life (3)

PEI Munian was shocked. She didn't bother to speak and quickly stepped forward to support SU Wanwan's falling body. Then, she carried her up horizontally, put her on the bed, and quickly pressed the bed Bell.

Even though su Wanwan's head was splitting, she was still unable to calm down. She kept pushing PEI Munian and telling him to get lost.

Dr. Zhao and the nurse rushed over and wanted to examine su Wanwan, but she didn't cooperate at all. She was very agitated, glaring at PEI Munian and screaming. The nurse tried to hold her down and comfort her, but it was of no use.

Seeing this, Dr. Zhao could only tactfully say to PEI Munian, "Boss PEI, why don't you go out first?"

PEI Munian's hands, which were hanging on both sides of her body, clenched tightly bit by bit. He looked at su Wanwan's face that was in despair and her eyes were full of sorrow and pain. A tear slowly condensed in his slightly red eyes, but before it fell, he closed them.

PEI Munian did not say anything and turned to leave.

Dr. Zhao injected a tranquilizer into su Wanwan. Su Wanwan slowly quieted down and then fell into a deep sleep. He let the nurse stay behind and take good care of her. If there was anything wrong with her, he would be informed immediately.

The nurse nodded. yes, Dr. Zhao.

When Dr. Zhao left, PEI Munian had not left yet. He was standing by the window, not moving at all. His tall figure was like a statue. The wall lamp above his head shone down at an angle, elongating his reflection, which was filled with deep sadness and loneliness.

Dr. Zhao's heart ached as he watched.

He was the PEI family's exclusive doctor and had known PEI Munian for many years. He had always been strong and invincible, and nothing could shake him. However, because of miss su, Huahua exposed almost all of his weaknesses.

Miss su had lost her child. She was sad, but he knew that PEI Munian was a thousand times, ten thousand times more sad than she was.

He had been trying to find a result that would satisfy both sides, but who would have thought that su Wan would fall down on her own and cause the loss of the child?

It could only be said that Yingluo was being played by the heavens.

Dr. Zhao sighed softly. He hesitated for a moment, but still walked forward.

The two of them stood in silence for a while. PEI Munian moved her lips and a low and hoarse voice slowly came out of her throat. how is she? "

I've given her a tranquilizer and she's asleep now. My assistant is watching over her, don't worry.

"Yes."

Dr. Zhao looked at PEI Munian and said, "do you want to go in and see her?"

PEI Munian lowered her eyes and smiled bitterly. there's no need. I'm the last person she wants to see right now. I don't want her to be unhappy.

"She will understand your efforts."

Do you understand?

Actually, it didn't matter even if he didn't understand. As long as she got better, as long as she lived, he could do whatever she wanted.

"When can she have the surgery?"

Dr. Zhao's expression became serious. He thought for a moment and said, "miss SU's body has already shown other symptoms. Her illness can not be delayed any longer. Of course, the sooner the better. It's just a mayfly."

Dr. Zhao paused for a moment and looked at PEI Munian helplessly before continuing, "I've said it before. The risks of the surgery are much higher than before, and Hanhan might have some side effects.
