His every action and every simple sentence could make her feel happy and satisfied.

Su Wanwan turned her face to the side and faced the window. She was no longer able to see the blue sky and white clouds, to see everything beautiful in this world.

During this period, the results of her treatment were not ideal. The blood clot in her head was not as good as expected, so the doctor decided not to continue the treatment, but to have surgery directly. The operation was set for the next morning.

Even though no one told her about her condition, she could feel that she was in a very bad state. Perhaps she wouldn't be able to come down once Hanhan was on the operating table.

Su Wanwan suddenly opened her red lips slightly, her voice carrying a little desire, "Lingyu, let's go out and play today.

She didn't know what her fate would be. If her life really ended tomorrow, she wanted to feel the light, warmth, and air of this world for the last time in her life. It would make her life worth it.

PEI Munian was slightly surprised and rejected her decisively. Wanwan, you're going for surgery tomorrow. You must rest well today. You still have to do a checkup later.

Su Wanwan turned her head. She looked at the blurry figure in front of her and lowered her voice. it's because I have to have an operation tomorrow, so I only have today left, in case something happens.

Before su Wanwan could finish her words, PEI Munian had already realized what she was going to say. He interrupted her without hesitation, "there are no 'what if's. Tomorrow's surgery will definitely be successful. You will definitely be well. If you want to go and play, after your surgery and recovery, I will accompany you wherever you want to go.

PEI Munian's tone was a little rushed, a little repressed, and a little angry. He had never liked her to say negative things.

Su Wanwan chuckled softly.

His concern really made her feel exceptionally warm. Furthermore, she always felt that there were traces of difference when he was by her side. In the past, when she was with Gong Lingyu, she was more or less restrained and kept a distance from him. But now that Wanwan was by his side, she felt at ease and natural. She felt that Wanwan and the others should be together.

She also wanted to listen to him. She had been very obedient all this time, but this time, she wanted to be willful.

Lingyu, nothing is definite or absolute. If something really happens to Yingluo, I don't want to leave with regrets. It's fine if we don't go out to play, but can you take me to a place? I'll be back soon. It'll be quick.

As su Wanwan spoke, she couldn't help but reach out to touch his arm and gently pull his clothes. okay?
”

The man lowered his eyes and looked at su Wanwan's slender Jade-like hands. Her soft voice kept ringing in his ear, pleading. His heart wavered uncontrollably.

He knew that he shouldn't, that he couldn't, but he still wanted to satisfy her. He wanted her to smile.
an hour. We'll only be there for an hour. We'll be back after that.

Su Wanwan immediately smiled. okay, just an hour.

He didn't expect that the place su Wanwan wanted to come to was actually the church.

PEI Munian's eyes flashed with a trace of surprise and puzzlement. Was the church her regret? Why?

PEI Munian carried su Wanwan out of the car. After su Wanwan landed, she couldn't wait to ask him to take her to the church.
