Su Wanwan couldn't help but blink a few times. Her vision was indeed a little clearer than before. She subconsciously looked at Gong Lingyu beside her. He was sleeping on his stomach with his hands crossed in front of him, his head resting on his hands, and his face buried in his arms.

So this was how Yueyue stayed by her side every night?

This was so hard!

However, he had never said that he was tired in front of her.

She tried her best to open her eyes wide and take a good look at him. However, as she looked at him, she suddenly felt that something was wrong. The figure in front of her looked like Gong Lingyu, but he didn't look like Gong Lingyu. Instead, he looked more like PEI Munian.

No, it was impossible. How could PEI Munian guard her like this? He had already aborted her child, so he didn't need to worry about her anymore. At most, if she died, he wouldn't be able to continue taking revenge on her.

The man beside her suddenly moved. His head slowly turned and turned towards su Wanwan. Su Wanwan still subconsciously looked over, but before she could see clearly, her vision blurred again.

Su Wanwan was a little unwilling, but she was helpless.

However, she knew very well that this person could not be PEI Munian. In the past, she had too many fantasies and was too stubborn, which was why she was hurt all over.

Her lowly love with her had officially come to an end. She would not let herself fall into that ridiculous self-righteous love again. The pain of losing her child was enough for her to learn her lesson.

A low and hoarse voice suddenly sounded in her ear. Wanwan? Why are you awake?"

Su Wanwan's mind was pulled back by this voice. She composed herself and replied: "I'm sorry, did I wake you?"

"No, I didn't," The man replied indifferently, then continued worriedly, " "What's wrong with you? Can't sleep? Is your head hurting again?"

As he spoke, su Wanwan heard a rustling sound. It seemed like he stood up, then bent down, reached out, and gently stroked her forehead. Where does it hurt? "

Su Wanwan's heart was suddenly touched at this moment.

she couldn't tell if her heart was really touched or if she was just trying to avoid letting her imagination run wild, but her hand suddenly grabbed the man's hand and held it tightly.

PEI Munian was shocked by her sudden action. Wanwan? What's wrong?"

Su Wanwan's pearly white teeth gently bit her lower lip. She took a deep breath and then slowly opened her mouth, " Lingyu, I have something Jue Jue wants to say to you.

Without waiting for him to answer, su Wanwan continued, " I'm going to have an operation tomorrow. I know that the risk of this operation is very high. Maybe I'll regret it. If I'm really unlucky and can't survive, please don't tell my grandfather or sister. Just say that I went on a trip. I traveled all over the world and the return date is uncertain. I'm very good. Tell them not to miss me.

if possible, I hope you can help take care of Grandpa. He's old and sick. Although he doesn't like me, please tell him that I still love him. Also, I don't think Grandpa can manage the SU group anymore. Please help me get rid of it and Exchange it for some money so that Grandpa can enjoy his old age. Oh, right, I still owe my sister a lot of money. Help me return it to her and tell her that I love her very much too.

also, Qianqian, please help my child erect a monument. If I die, please bury us together.
