422 The happiness that was stolen (6)

In these 72 hours, PEI Munian's only thought was that su Wanwan had come back to life. He could exchange for her life at all costs. As long as she woke up, he could let go, he could fulfill her and Gong Lingyu, he could retreat far away and watch her be happy.

However, he had never expected that after she woke up, it was not the end for him, but a new life.

Su Wanwan's entire person was as if she had returned to this world again. Everything she had experienced was like the chalk words on the blackboard, completely erased. Her hatred for him had also disappeared from the past. Naturally, her love for Gong Lingyu had also disappeared without a trace.

PEI Munian knew that there were some things he shouldn't think about, but often, turbulent emotions would suppress his rationality and then completely swallow it. He looked at the newborn su Wan in front of him. Even if her mind was blank now, his love for her was still strong and surging. He still wanted to urge him to be the only person in her blank mind.

She didn't love or hate anyone now, so he wanted her to love only him in the future. Only him!

Many thoughts flashed through PEI Munian's eyes. There was a struggle, hesitation, confusion, and even a trace of panic, but it could not overcome the throbbing of his heart.

He took a deep breath and composed himself. His thin lips parted slightly as he said slowly, " Dr. Zhao, I have something to say to you.

Dr. Zhao understood. He instructed his nurse to stay and take care of su Wan. Then, he walked towards the door of the ward. PEI Munian also turned around and was about to leave when suddenly, his hand was grabbed by a soft hand.

That hand obviously didn't have much strength, but PEI Munian's feet couldn't move. He was a little surprised and also a little surprised. He turned around and sure enough, he saw su Wan's hand holding his hand.

PEI Munian's eyes were immediately filled with gentleness. His hand gently held su Wanwan's hand and his voice was so gentle that it seemed like water could drip out. Wanwan, what's wrong? "

Su Wanwan still stared at him with her big eyes. The confusion and curiosity in her eyes did not decrease, but there was a similar emotion of dependence, as if she was afraid that he would leave.

PEI Munian knew that he was probably the first person she saw when she opened her eyes. Hence, in her dazed state, she naturally developed a reliance on him. However, his heart still beat wildly uncontrollably.

The thoughts in his mind just now became clearer and more passionate, and he couldn't stop them.

PEI Munian swallowed hard and smiled. Wanwan, don't be afraid. I'm going out for a while. I'll be back soon. I'll be back soon, Hanhan.

PEI Munian comforted her in a soft voice and let go of su Wanwan's hand bit by bit. Su Wanwan seemed a little unwilling. When he let go of her hand, she grabbed him again. PEI Munian's heart suddenly became soft. He didn't want to leave su Wanwan's side at this moment, but there were some things that he had to ask clearly.

"Wanwan, be good."

He raised his hand and gently caressed su Wanwan's head. Su Wanwan was originally holding PEI Munian's hand tightly, but under his gentle caress, she actually slowly let go of her hand, as if she liked his action very much.

PEI Munian couldn't help but smile. Wanwan, I'll be back soon.

As he spoke, he walked out of the ward, looking back three times with each step.

Dr. Zhao was waiting outside the ward.
