425 The happiness that was stolen (9)

The caretaker seemed to be hiding something as she lowered her eyes in a panic. However, her cheeks were still flushed and slightly hot.

The time she took care of su Wanwan wasn't too long, about half a month or so. In this half a month, she saw the world's most affectionate and gentle man.

Modern society was so impetuous that love was illusory. She really did not expect to see such a rich, powerful, and handsome man's pure love.

She had recognized PEI Munian the moment she saw her. She had seen him on the cover of a magazine before. He was the PEI family's CEO, the PEI family's Crown Prince, and the youngest successful entrepreneur.

So many women were attracted to him, but there were very few scandals about him. The only one that attracted more attention was the scandal between him and the popular starlet Xi Zhiwei.

At that time, everyone thought that Xi Zhiwei was really going to turn from a Crow into a Phoenix and take away the Prince Charming in the hearts of many women. In the end, the Xuanji was just a small stone thrown into the lake. It only caused a small ripple and then the Xuanji disappeared without a trace.

Even such a beautiful young lady could not tie PEI Munian's heart. It was hard to imagine if there was any woman who could make this proud Son of Heaven fall in love.

However, the answer was already self-evident.

This miss su in front of him was the woman that PEI Munian truly doted on. Even if she was so fragile now and needed someone to take care of her at all times, even if she would only bring him trouble and burden, she was the only one in his eyes.

The nurse's heart moved. She was a little envious, but she also felt inexplicably uncomfortable.

She left the ward and walked towards the elevator. A man with a handsome face and a tall figure strode towards her. However, at this moment, his entire body was covered in a thick haze, and his face was full of anger. He brushed past her and walked towards the ward.

The caretaker stopped in her tracks. She was surprised. Who was this man? It looked like Yingying didn't come with good intentions.

Su Wanwan liked to hear PEI Munian's voice. It was low and slow, as if she was talking tirelessly. To her ears, it was like a feast. Although she didn't know what she was talking about, she leaned in his arms and raised her head to look at him. Her sexy thin lips opened and closed, and she looked at Yingying's delicious appearance.

Su Wanwan's thoughts were simple now. She almost did whatever she thought of. She sat up from PEI Munian's arms, then held PEI Munian's face with her soft hands. She raised her head, pressed her red lips against hers, opened her mouth, and bit her.

PEI Munian was shocked by her sudden movement and her voice stopped abruptly. Her black pupils contracted slightly as she looked at the woman in front of her in shock.

Su Wanwan took a bite and seemed to feel that the lips were warm, soft and the aftertaste was good. Then she stretched out her tongue and licked it.

The moment PEI Munian came to her senses, she took a deep breath. The light in her eyes darkened and her breathing became heavier.

After su Wanwan woke up, perhaps it was because of the nestling plot, she was particularly dependent on him and naturally was particularly close to him. However, she would usually stay in his arms at most. This was the first time he urged her to take the initiative to kiss him.

He had been separated from su Wanwan for too long, so long that such a simple action of hers seemed to have set off a raging fire on his body.
