Su Wanwan didn't wait for PEI Munian to finish speaking. She directly took a step back and closed the bathroom door.

PEI Munian was stunned for a moment after being given a cold shoulder. She did not know if she should be angry or laugh. He had always pampered her, and his temper had come out.

However, he was willing to endure it. He liked to see such a proud and willful su Wan, just like her in the past.

However, he was still worried about letting su Wanwan take a bath alone. He twisted the door lock and pushed the door open again. Su Wanwan was taking off her clothes. When she saw PEI Munian come in, her face turned red and she glared at him angrily.

The caretaker had already taught her that there was a difference between men and women. She was a woman, and he was a man.

As soon as PEI Munian walked over to su Wanwan, su Wanwan grabbed the collar of her clothes again and retreated. After the nurse taught her about men and women, she also taught her that men can't look at women's bodies and take off women's clothes.

PEI Munian originally thought that su Wanwan was just angry, but looking at her reaction now, it didn't seem like it. He furrowed his brows. Could it be that su Wanwan was feeling unwell?

A trace of worry flashed across PEI Munian's eyes and she quickly strode forward. Wanwan, are you alright? "

As he walked over, su Wanwan was shocked and continued to retreat. Unexpectedly, she slipped. Su Wanwan cried out in alarm and fell backward.

PEI Munian was shocked, but her eyes and hands were quick. She grabbed su Wan's wrist and pulled her over. However, when her body leaned over, the impact was a Little Big and the bathroom floor was slippery. PEI Munian couldn't stand firm and her body fell backward.

PEI Munian carried su Wan with one hand and used the other hand to support herself against the wall. She accidentally turned on the shower and the water poured down from her head, instantly drenching both of them.

PEI Munian couldn't hold onto the wall and both of them fell down. The moment they fell, PEI Munian held su Wanwan tightly in front of her and acted as her cushion.

PEI Munian groaned and felt pain in her back. Fortunately, he did not hit his head and was not seriously injured.

Both of them were drenched, and their thin clothes gradually became transparent and stuck to their bodies, showing the lines of their bodies.

PEI Munian lowered her head and could see su Wanwan's faintly discernible figure. She had just unbuttoned a few buttons and her collar was half open. From his angle, he could see her white chest and the deep arc of her chest.

After su Wanwan woke up, she couldn't take care of herself, so he was basically taking care of her daily life, so during this time, he had been helping her shower and change her clothes.

But at that time, when he looked at the naked su Wan, there was only pity and heartache. He didn't have any evil thoughts and simply just took care of her.

However, her soft body was pressed against his, and her fair body was barely covered under the wet clothes. She was still looking at him with her pure and innocent eyes. The combination of sexiness and innocence greatly stimulated his visual senses.

PEI Munian's eyes darkened, and two flames quickly ignited in the depths of her eyes. A heat quickly gathered in the depths of her body and flowed to her limbs and bones. The cold water poured on her body could not put out the raging fire.

Su Wanwan seemed to feel uncomfortable and wanted to get up from PEI Munian's body. She moved her hands and feet, and her body inadvertently rubbed against PEI Munian's body more. PEI Munian gasped in a low voice and couldn't hold it in anymore. His hand touched the back of her neck, he raised his head and kissed Yingluo.
