I forgive you, Yingluo.

PEI Munian looked at su Wanwan in front of her. She was so attached to and trusted him with all her heart. Now, no matter what he said, she would forgive him unconditionally, but that was not her true intention.

Even though he knew, even though he understood everything, he still lusted for this moment and wanted to do everything he could to seize it.

In the future, if su Wanwan really remembered the past, she also hoped that she could at least remember the forgiveness she once said.

PEI Munian pulled su Wanwan into her arms with all her might, as if she wanted to bury her whole body into his. Her thin lips whispered beside her ear, "Wanwan, thank you, Wanwan!"

He could still love her, and she was still willing to let him love her.

After that day, su Wanwan seemed to understand that the word "child" couldn't be casually said because she would feel heartache and niannian would also be sad. She didn't want to see him sad, so she tried hard to ignore those two words and never mentioned them again.

After that day, PEI Munian realized her negligence. He ordered the security guard to forbid anyone from disturbing su Wanwan. All visitors were blocked. Without his permission, no one was allowed in.

Su Wanwan slowly forgot what happened that day. Every day, she recuperated and exercised. The more her body recovered, the better it was. She could communicate smoothly with people and Qianqian also learned to surf the internet.

Lin Xiaoxuan told her that if there was anything she didn't understand, she could ask online. The internet was especially convenient. She could communicate, watch videos, watch the news, shop, and so on.

Su Wanwan was bored at home, so she quickly learned how to go online, especially online shopping.

After PEI Munian found out about her hobby, she bound a bank card to her and taught her how to pay. Su Wanwan seemed to have discovered a new world. She held her mobile phone and bought and bought all day. Because no matter how she bought, there was enough money in her card to pay, so she had no restraint.

Su Wanwan bought a few beautiful nightgowns a few days ago. After aunt Wu washed and dried them, she hung them in her closet. When su Wanwan walked into the changing room after taking a shower, she saw the newly bought nightgowns at a glance.

Su Wanwan immediately walked over, picked and chose a lace nightdress and wore it.

She stood in front of the full-length mirror, wanting to see how she looked in it. Then, she suddenly gasped. She didn't expect that the nightdress would be so sexy.

The deep V-neck and the extremely short skirt barely reached her thighs, and she couldn't pull it down even if she tried.

Most of her previous nightgowns were very conservative. Basically, everything that should be covered was covered. Now, suddenly, so much was exposed. Su Wanwan felt awkward no matter how she looked at it.

However, she had to admit that she looked very beautiful in this outfit! She was even more beautiful than the model in the photo.

Su Wanwan subconsciously puffed out her chest and turned left and right. She didn't want to change anymore because she wanted to see if Nian Nian liked it or not and if she also thought she was beautiful!

Su Wanwan walked out of the changing room with a little excitement and a little shyness.

PEI Munian was leaning against the head of the bed with a laptop on his lap. His hands were on the keyboard, jumping quickly, and his black eyes were serious and focused.

Su Wanwan slowly walked out step by step and walked in front of PEI Munian.

PEI Munian heard footsteps and her gaze moved up from the computer screen to Su Wanwan.
