As PEI Munian spoke, she lowered her head again. Her thin lips covered su Wanwan's lips, and the rest of the words were directly drowned between their lips and teeth.

This kind of thing was easier to teach by doing than by saying.

Even if her body was extremely hot and every inch of her body was screaming to vent, PEI Munian still kissed su Wanwan very patiently. She carefully traced the shape of her lips and outlined that arc, as if she was treating a rare treasure. She wanted to taste it bit by bit and taste the taste within.

PEI Munian's entanglement made su Wanwan's body slowly rise with a trace of an inexplicable strange feeling. It was a little comfortable, but it was more restless. She didn't know why, but her body began to heat up. Her head was confused, she didn't know where to place her hands and feet, and her toes were clenched.

PEI Munian seemed to have realized her helplessness. He chuckled and his hand found su Wanwan's hand. He gently interlocked his fingers with hers, led her, and placed her hand on his heart. She could feel his heart beating violently, knew that his heart was beating for her, and knew how much he loved her.

The surrounding air gradually heated up, and the heat rose between the two people. The kiss went from gentle to intense, as if it had set off a storm. Although PEI Munian had tried her best to suppress her strength, it still hurt su Wanwan a little. She frowned and her big eyes were covered with a layer of mist. She only let out a cry of pain and gritted her teeth.

PEI Munian's heart was melted by the woman under her.

He thought that no matter what happened between them in the future, whether they could always be together and never separate, tonight, this moment, this second, he would always remember that his Wanwan used to like him so much when she was still ignorant.

Even if he only relied on this, he could treasure it and live the rest of his life.

In the end-PEI Munian was still unable to harden his heart and completely eat su Wan. At the last moment, he gritted his teeth and stopped. He took a few deep breaths and restrained his desire. He rolled down from su Wan's body and said hoarsely: Wanwan, you've already saved me. I'm fine now. I won't die.

"Really?"

Su Wanwan's breathing was also a little rushed, but she couldn't care about panting. She turned over and lay on his body, her blurred vision sweeping over his handsome face. niannian, you really won't die?
"

"Yes, I won't."

PEI Munian raised her head and gently caressed su Wanwan's face and head. with you here, I won't die.

Su Wanwan's eyes immediately curved into crescents as she smiled. She hugged PEI Munian and gave her another kiss to express her joy.

After such a mess, su Wanwan was relieved and sleepiness invaded her. She covered her mouth and yawned a little, her eyelids falling down.

Wanwan, " PEI Munian said softly, " let's go to bed, okay? "

Su Wanwan nodded her head obediently.

PEI Munian propped up her body and moved su Wanwan so that she could rest her head on the pillow. Then, he covered her with the blanket and caressed her forehead. He tucked her hair behind her ears and lowered his head to kiss her forehead. His voice became gentler. sleep.

Su Wanwan closed her eyes.

PEI Munian quietly got off the bed and lifted her feet to walk to the bathroom. However, her hand was suddenly grabbed. PEI Munian looked back and saw that su Wanwan had opened her eyes again.
