### 454 Our past (4)

PEI Munian took a step back and stabilized her body. He looked down and sure enough, it was su Wan. She was like an octopus, tightly wrapped around his body.

PEI Munian's slender and well-proportioned finger tapped the tip of su Wanwan's nose and said softly, "Why didn't you sleep a little longer?"

Su Wanwan shook her head and furrowed her eyebrows to express her dissatisfaction. you're gone!

PEI Munian knew that she was still feeling insecure. She reached out to hold her slender waist and kissed her on the lips. aren't I here now? Still sleepy? I'll continue sleeping with you."

"I'm not sleepy." Su Wanwan touched her stomach and said, "I'm hungry.

PEI Munian smiled. alright, let's have breakfast then.

PEI Munian first brought su Wan upstairs at night and accompanied her to wash up. He also took a bath and then went downstairs to eat breakfast.

They had just taken their seats when Lin Xiaoxuan arrived. She had also taken a bath, and her body exuded a refreshing fragrance. However, her hair was let down, making her look more flirtatious.

Lin Xiaoxuan stepped forward and greeted su Wanwan with a smile. miss su, Good Morning.

After a pause, Lin Xiaoxuan's eyes turned to PEI Munian. Her voice was a little lower and gentler as she opened her mouth. Mr. PEI."

These days, Lin Xiaoxuan had been accompanying su Wanwan and helping her recover. Su Wanwan was already familiar with her and liked her. She also raised a smile. Xuanxuan, you're early. Are you hungry? " Let's have breakfast together."

PEI Munian lazily lifted her eyelids and glanced at Lin Xiaoxuan. She only raised her head slightly and did not say anything.

In the past, if su Wanwan opened her mouth like this, PEI Munian would go along with her wishes and invite her to eat together. But today, she only glanced at her once. That glance inexplicably made Lin Xiaoxuan feel flustered. She lowered her eyes and her hand unconsciously fiddled with her hair. Then, she forced a smile and replied to su Wanwan, " no, miss su. I've already eaten. Thank you.

Lin Xiaoxuan went to the living room and sat down, waiting for them to eat breakfast. Even without looking, she could know how PEI Munian took care of su Wan and treated her gently. However, her eyes still couldn't help but glance towards the dining room.

PEI Munian was used to taking care of su Wanwan. Even though su Wanwan could eat by herself now, he still fed her from time to time. When he fed her porridge, if it was too hot, he would blow it to cool it down first and touch his lips to test the temperature before feeding it to su Wanwan.

If su Wanwan couldn't finish it and didn't like to eat it, he wouldn't despise her at all. Whatever she ate, he ate it without hesitation.

When su Wanwan was eating, if the corners of her mouth were a mess, PEI Munian would laugh at her, then hold her face and lick all the things from the corners of her mouth.

The details determined the feelings. One did not need to look at anything. One only needed to look at a small detail to know how deep a man's feelings for a woman were.

As for her, the more she saw this, the more envious she felt. On top of that, there was also an unbelievable darkness.

When she was hired to take care of su Wan, the first time he saw her, her face was pale, her figure was thin, and her whole person was like a paper person, falling with a blow of the wind.

Now, in just a few short months, under PEI Munian's meticulous care, her face was ruddy, her eyes were bright, and her body had regained some weight. Most importantly, she was filled with happiness. This kind of happiness was bright, beautiful, and dazzling. It made people wonder why she was not the woman!
