Chapter 46 I won't disturb you vi

Su Zhenhua looked outside and did not see PEI Munian.

Su Wanwan's face was a little bitter. She lowered her eyes and lowered her voice, "he ran ran was a little busy, so I came back by myself.

Su Zhenhua looked at su Wanwan's expression and understood what was going on. He frowned and there was a trace of dissatisfaction in his voice. busy? How busy can he be that he doesn't even have the time to send his new wife home?"

Su Wanwan pursed her lips and didn't speak.

"So, he won't be coming to pick you up later?"

Su Wanwan still didn't speak.

Su Zhenhua's expression became uglier. PEI Munian didn't appear at the meet-and-greet before. Today, they registered their marriage. He didn't send su Wanwan home or pick her up. This attitude clearly showed that su Wanwan wasn't important in his heart at all!

He wasn't angry for su Wanwan, but PEI Munian didn't take su Wanwan's words seriously. In the future, if the SU family needs something, if he needs something, he might not be willing to help. In this case, wouldn't su Wanwan marry in vain?

No, no matter what, he wanted su Wanwan to capture PEI Munian and cultivate their relationship in case of emergency.

Su Zhenhua thought about it and said earnestly, "Wanwan, mu Nian's way of doing things is indeed a little inappropriate, but you don't have to worry too much about it. It's understandable that men put their career first. Since he's willing to marry you, it means that you're definitely in his heart. Even if he doesn't care about you now, as long as you treat him well, coax him, and go along with him, he'll naturally like you. Then, you can help our family more, understand?"

He was willing to marry her because he had her in his heart.

But, he clearly didn't want to, Yingluo.

Even if she treated him well, coaxed him, and gave in to him, he would still not like her.

Even if su Wanwan's heart was as clear as a mirror, she still followed Su Zhenhua's words and hummed. No matter what, she had already married over, so she couldn't let Grandpa worry about her again.

Su Wan went upstairs and packed some clothes into a box. Then, when she went to the bedside table to pack up some of her identification documents, she saw the wooden box that she had thrown away before but later couldn't bear to part with it and picked it up. Her eyes were slightly dazed.

This wooden box had been in her mind for three years. Initially, she had thought that if she had the chance, she would tell PEI Munian her true feelings for him. All the words she had said back then were lies.

However, it was probably impossible for her to say those words to PEI Munian in this lifetime, right?

Su Wanwan packed the suitcase and carried it downstairs. Nanny li quickly greeted her and took the suitcase. Seeing that the suitcase was so small, she couldn't help but be surprised: "Miss, you're only bringing so few things? Since you're married, that's your home. Why do I feel like you're only going there for a short period of time?"

Su Wanwan didn't seem to hear nanny Li's words and only said lightly, "nanny li, help me take my luggage out first. I'll go and tell Grandpa that I'm leaving."

Although nanny li was full of curiosity, she didn't dare to ask more. She quickly replied, "yes, miss."

After su Wanwan said goodbye to Su Zhenhua, she got into the car and the car slowly drove away. Su Wanwan looked at the SU residence reluctantly. She looked at her grandfather and nanny li standing at the door. Her nose was sour and her eyes slowly became moist.

When she could no longer see him, she retracted her gaze and took out the two red booklets from her bag.
