### 465 Making love (5)

It was unknown if it was because of the hot spring's geothermal energy, but the flowers along the way were particularly beautiful and vivid. When the wind blew, the petals fluttered in the air, and the fragrance filled the air.

Su Wanwan rolled down the window and took a deep breath. She couldn't help but stretch her hand out of the window to welcome the wind. Her whole body and mind felt comfortable.

If she stayed in the villa any longer, she would definitely grow moldy. Now that she was out and breathing in some fresh air, she felt great.

PEI Munian glanced sideways at su Wanwan. The sun shone into the room and hit her face. She smiled at the morning sun. The beauty of the world couldn't compare to her smile in front of her. PEI Munian's lips couldn't help but curve.

When the car arrived at the Hot Spring Hotel, it was almost noon. The waiter at the door came forward and helped them open the door. Su Wanwan got out of the car and looked at the antique house in front of her. She exclaimed, " it's so beautiful. Why is this hotel different from the other hotels? "

PEI Munian got down from the driver's seat and walked to her side. She put her arm around her waist and explained gently, " this is the mansion of a Prince from the Qing Dynasty. It has been renovated into a Hot Spring Hotel, but the ancient style has been preserved. The scenery is also one of the characteristics of this place.

Su Wanwan actually didn't really understand, but she still pretended to understand and nodded.

PEI Munian chuckled and did not expose her.

After the waiter helped them take their luggage down from the car, he respectfully said to PEI Munian, "Boss PEI." Then, his gaze turned to su Wanwan, but he didn't know how to address her for a moment.

As this was the first time PEI Munian had brought a woman here, they could not confirm her identity.

"My wife." PEI Munian said simply.

The waiter's eyes widened. He had never heard of PEI Munian's marriage. This time, a woman had come, and they were so intimate. He had thought that she was just a confidant or something. He had not expected her to be PEI Munian's wife, the legitimate young Madam of the PEI family.

"Young ... Young master PEI, young Madam!" The waiter was so shocked that he stuttered a little.

Young Madam PEI!

When su Wanwan heard this title, she felt inexplicably sweet. Her last name was crowned with PEI Munian's last name, as if she and PEI Munian were one.

She nodded her head, expressing her satisfaction.

Before she came out for a vacation, she had checked some travel tips because she was afraid of making a fool of herself. Then she remembered that if she was satisfied with the service of the waiter, she could give a tip, which was money.

Su Wanwan touched her pocket and found that she didn't have any money. Her money was in her Alipay account, so she took her phone and said to the waiter: "What's your Alipay? I'll give you a tip!"

".....?"

The waiter became more and more shocked. His eyes were as big as copper bells, and he wondered if he was hearing things.

PEI Munian was also shocked by su Wanwan's shocking words. He touched his forehead. He finally understood what it was like to have an overly innocent and pure wife.

Su Wanwan looked at the people around her with a puzzled look. Did she do something wrong again? Why did she tip them and why did they all look at her like that? Could it be that he was shocked by her domineering aura?

Su Wanwan nodded understandingly. She stretched out her five fingers and shook them in front of the waiter. She continued, " you don't have to worship me too much. This is what you deserve.
