PEI Munian shook her head and laughed for a while. Then, she straightened her face and reached into her suit pocket to take out his wallet. She handed it to su Wanwan. Wanwan, take this and give a tip.

Su Wanwan took it without hesitation, then opened her wallet. Without hesitation, she pulled out a stack of cash and stuffed it into the waiter's hand, saying, "no need to thank me."

The large amount of money in her wallet was instantly reduced by a third. The smile in PEI Munian's eyes deepened. Su Wanwan had learned a lot of knowledge in other aspects, but she didn't have the concept of money. In her eyes, money was not money.

However, it was also because of him that he had tied an unlimited bank card to her. There was nothing she couldn't afford, so naturally, there was no concept of expensive and cheap.

This was also good. She was a spendthrift, and only he could afford to support her.

"Let's go," he said.

PEI Munian held su Wanwan in her arms and walked into the hot Spring Hotel.

Because it was lunchtime, they went to the room to put their luggage away, took a break, and then went to the restaurant to eat. The Japanese food in this Hot Spring Hotel was extremely delicious, but su Wanwan didn't like it and insisted on eating Chinese food.

PEI Munian would satisfy her no matter what she wanted. Hence, the two of them ordered a lot of Chinese dishes in a Japanese restaurant and asked the kitchen to prepare them.

The restaurant manager felt depressed. They were already at a Japanese restaurant, why would they eat Chinese food? However, boss PEI was the hotel's major shareholder and Big Boss. His words were like imperial edicts. No matter how difficult it was, he had to do it!

After about 20 minutes, all the delicious dishes were served.

Su Wanwan had been hungry for a long time. She picked up the chopsticks and picked up some food to eat. However, PEI Munian snatched the chopsticks from her hands and scalded her tableware with hot water before letting her eat.

Su Wanwan picked up a dish and took a bite. She felt that it wasn't delicious and directly threw it into PEI Munian's bowl. He didn't mind it at all and picked it up and ate it.

The manager who was watching from the side was simply stunned.

PEI Munian would occasionally come here to discuss business. It was inevitable that she would call some girls to accompany her and drink to liven things up. All the men were lecherous. Even the most serious men would like to take advantage of her after drinking-few more glasses. Only boss PEI would have those girls standing just a little closer to him. His cold gaze seemed to be able to see through them, and they could not help but retreat.

In private, everyone secretly speculated that for such a rich, powerful, and beautiful man to not get close to women, it was either because he had a hidden illness, or he liked men. Everyone was more inclined to like men, because he was basically only close to men, especially his personal assistant.

He had never thought that his Big Boss would have such a gentle side to him. How could this be considered as liking men? He clearly only liked one woman!

Even if he was a man, he envied su Wan. He didn't know if she saved the universe in her past life in exchange for PEI Munian.

After dinner, PEI Munian took su Wanwan for a walk in the courtyard.

Perhaps in order to set off the atmosphere, a large number of cherry blossom trees were planted in the courtyard. Right now, it was the season for cherry blossoms. The flowers were in full bloom and were beautiful beyond compare. The pink petals floated down. Su Wanwan raised her hand and caught it in her palm. She said to PEI Munian behind her, " niannian, look, so beautiful.
