476 Making love (16)

Before su Wanwan could react, she already heard the sound of a big drum being beaten. She reflexively looked over and saw a slender figure jumping onto the ring in two or three steps.

Su Wanwan's eyes narrowed. Why is it him?

The emcee had been shouting for a long time, but no one dared to go on stage to challenge him. It was almost an awkward silence. When someone finally came up, he immediately pushed his smiling face and welcomed him.

"Sir, how should I address you?"

The host asked as he handed the microphone to him.

Gong Lingyu stood there and looked straight at su Wanwan and PEI Munian. He opened his mouth and said, " my surname is Gong.

Oh, it's Mr. Gong. May I ask which beauty you're protecting? " The host raised his voice. where is she? "

As the emcee's words fell, a beam of light shone into the crowd, waiting for Gong Lingyu to announce the person he was going to protect. That beam of light would then gather on her, making her the focus of everyone's attention.

When su Wanwan saw Gong Lingyu go on stage, she already had a bad feeling. At this moment, when the emcee asked this question, she felt even more uneasy. As expected, the next second, Gong Lingyu opened his mouth and spat out each word clearly, " the person I want to protect is her!

Gong Lingyu raised his hand and pointed his finger accurately at su Wanwan. Su Wanwan was shocked and subconsciously wanted to Dodge, but the cluster of light had already hit her. Everyone's eyes also looked over at the same time, and it was too late to Dodge.

Su Wanwan couldn't help but frown. What does this man want to do? Didn't her not going last night already explain everything?

"Ah?"

Anyone with a discerning eye could tell that the person Gong Lingyu was pointing at was a couple with another man with outstanding charm. Yet, he was pointing at someone else's woman so brazenly. This was really embarrassing.

Even the host, who had been through hundreds of battles, could not say a word at this moment.

Gong Lingyu directly snatched the microphone from the host's hand and continued speaking into it, " So the person I want to challenge is you!"

Gong Lingyu's finger shifted and pointed at PEI Munian. His voice deepened, but it was extremely serious. PEI Munian, do you dare to accept my challenge? "

PEI Munian opened her eyes lazily and her black eyes slowly met Gong Lingyu's. His eyes were full of provocation and anger, while he was calm and even curled his lips.

Su Wanwan looked at Gong Lingyu's aggressive appearance. Through the thin fabric, it was as if she could see the bulging muscles under him. Although PEI Munian's figure was also very good and had muscles, he was usually gentle and didn't look like he would fight. Su Wanwan was afraid that PEI Munian would be at a disadvantage, so she couldn't help but grab PEI Munian's arm and said, "Niannian, let's go. Ignore him."

PEI Munian's hand covered the back of su Wanwan's hand. The warm touch made her feel at ease.

PEI Munian laughed. how can I run away without a fight? I can't let that devil take you away.

Su Wanwan looked at Gong Lingyu, conflicted. Then, she looked at PEI Munian. Suddenly, she leaned close to his ear and whispered, "niannian, you ... You can fight, can you?"

PEI Munian looked at su Wanwan's nervous little face and the curve of her lips deepened. She replied, "I didn't."

"If you can't beat Yingluo, then won't you lose for sure?" Su Wanwan tightened her grip on PEI Munian. don't go, don't go!
