PEI Munian held back her laughter and furrowed her brows. Wanwan, even if I can't beat him, I can't just admit defeat like this. If I admit defeat, you'll have to leave with him. Are you willing to do that? "

Of course, su Wanwan was unwilling. She quickly shook her head.

PEI Munian's eyes became gentler.

He had been on guard against Gong Lingyu and didn't let su Wanwan see him because he was afraid that he would evoke her memories. However, that night, she gradually recovered and gradually had her own thoughts and actions. He could guard against Gong Lingyu, but he couldn't guard against her.

He couldn't lock her in the villa forever and not let her come into contact with the outside world. She would eventually meet the people she knew. She would see Gong Lingyu eventually.

Instead of letting him always surround su Wanwan and provoke her, it was better to let Yingluo get rid of him in one go.

so I'm going to accept his challenge. Wanwan, give me a kiss of Luck.

"Ah?"

Su Wanwan froze for a moment, then reacted. Without hesitation, she tiptoed and kissed PEI Munian on the face. Then, she whispered in his ear, " niannian, if you can't win, run.

PEI Munian rubbed su Wanwan's head and walked past her. With a stride of his long legs, he jumped onto the ring handsomely. He stood in front of Gong Lingyu and smiled evilly. okay, I accept your challenge.

The crowd came back to their senses and started clapping.

The emcee snapped out of his daze amidst the thunderous applause. He said excitedly, " this is the first time in the history of our event that someone has issued a direct challenge. It's so romantic to fight for the girl he loves. Next, let's wait and see if this beautiful girl will be won by the Challenger or protected by her original man. I hereby announce that the competition has officially begun!

At the emcee's command, Gong Lingyu glared at PEI Munian and took the lead to attack. He rushed towards PEI Munian, raised his fist, and aimed it at her face.

PEI Munian dodged, but her movements were not as fast as Gong Lingyu's. His fist still grazed his cheek. PEI Munian groaned and staggered back a few steps.

Gong Lingyu took advantage of his victory and continued his attack, punching towards his abdomen. PEI Munian raised her hand to block it, but she was unable to completely block it. Gong Lingyu hit her again and she knelt on one knee.

Gong Lingyu's movements paused for a moment, a trace of doubt quickly appearing in his eyes. How did he defeat PEI Munian so easily? He seemed to be blocking him, but in reality, it was just a confusing move. What was he trying to do?

Before Gong Lingyu could figure it out, a figure suddenly rushed up from the stage and scurried in front of him. Then, he was pushed heavily by a force. Su Wanwan's angry little face appeared in front of him. you actually dare to hit my niannian. I'll fight you to the death!

Su Wanwan seemed to have been angered by Gong Lingyu's two punches. Like a tiger protecting its Cub, she bared her fangs and brandished her claws as she rushed forward. She clenched her fist and ruthlessly hit Gong Lingyu's chest. Gong Lingyu reacted and grabbed her hand. Su Wanwan directly bent her knee and pushed it between Gong Lingyu's legs.

Although Gong Lingyu dodged, it was not timely enough. The pain hit him, and he could not help but bend down.

Su Wanwan elbowed Gong Lingyu's back and Gong Lingyu fell to the ground from her strength. Su Wanwan stepped on him and said domineeringly, " "Are you going to admit defeat?"
