Su Wanwan didn't know what he meant and also stopped. She turned her face to look at him and doubtfully said, " huh? " A sound.

PEI Munian put her arm down from su Wanwan's shoulder. He turned around and faced su Wanwan. He stared at her for a while and slowly opened his mouth. the person I said I knew yesterday is actually Gong Lingyu. He's my cousin.

After a short pause, PEI Munian continued, " actually, you know him too.

Su Wanwan's Black eyes suddenly widened. what? "

Gong Lingyu was really someone she knew? And ran ran was PEI Munian's cousin? However, the way he was competing with PEI Munian did not seem like a cousin at all.

"How is it possible?" Su Wanwan was really too surprised and her voice trembled a little.

PEI Munian put an arm around su Wanwan's shoulder and brought her to a chair at the side to sit down. He was silent for a while, waiting for su Wanwan to digest this information before he continued, " he was almost engaged to you, but you married me later.

This news was even more shocking than the previous news. Su Wanwan's Black pupils suddenly contracted, her small mouth slightly opened, full of disbelief.

She actually had a marriage contract with Gong Lingyu?

God, what kind of life did she live in the past? Why did she get engaged to her cousin and then get married to him?

"W-why?"

Why?

PEI Munian's eyes looked into the distance, her expression slightly dazed. All this time, it seemed that he was the one who separated Gong Lingyu and su Wanwan. Back then, he was the one who forced su Wanwan to break up with Gong Lingyu. After su Wanwan woke up from her surgery, he hid her and prevented Gong Lingyu from seeing her. Now, he was the one who set up a trap for Yingluo and drove a wedge between them.

PEI Munian lowered her eyes and smiled bitterly. His Adam's apple swallowed up and down. He looked at su Wanwan again and said word by word seriously, " because I love you, I took you away.

From the beginning to the end, he had done everything because he loved her, even if he had made mistakes.

It was not the first time PEI Munian said "I love you," but it was the first time that su Wanwan felt that his "I love you" was so bitter and heart-wrenching.

Su Wanwan didn't like to see him look so lonely.

Su Wanwan raised her eyebrows. so, Gong Lingyu targeted you like that because of this? ” Is it because I chose you and not him that he’s badmouthing you in front of me?”

As she spoke, su Wan’s small hand clenched and she was filled with righteous indignation. I didn’t choose him, but I chose you. I must have my own reasons. He can’t afford to lose, so he slanders people. He’s too petty. No wonder I didn’t choose him!

“Niannian, I’ve definitely made the right choice by choosing you!”

Su Wanwan looked back at PEI Munian and said in the same serious tone.

This kind of trust made PEI Munian’s heart feel as if it was being gripped tightly by something. It hurt badly. He slowly opened his lips and his voice became hoarse. Wanwan, it’s not completely like this. It’s because I used to be Wanwan.

There were some things that he wanted to be honest with, but when the words reached his mouth, he couldn’t say them.

Su Wanwan opened her curious eyes and eagerly asked, ” once what? ”

The more PEI Munian spoke, the more curious she was about the past. The things she had asked PEI Munian about seemed to only be the tip of the iceberg. What other past did she and PEI Munian have?
