PEI Munian's voice was extremely low, just like a whisper. Before su Wanwan could hear him clearly, his lips had already moved from her ear to her lips and he kissed her firmly.

During this period of time, su Wanwan had already gotten used to PEI Munian's kisses. Although she was puzzled about what he said, as he kissed her, her consciousness slowly left her and she followed him involuntarily. She even imitated his actions and responded to him.

However, su Wanwan gradually felt that something was wrong.

In the past, when PEI Munian kissed her, it was more to comfort her. Other than the day she had just returned to the villa, where he had lost control, most of the time, it was just a light kiss.

However, now, she felt PEI Munian's kiss becoming more and more lingering. It was just like that day, with a domineering and invasive nature, making her tremble unconsciously.

Su Wanwan had an unknown fear of this unfamiliar feeling. She put her hands on PEI Munian's chest, slightly pushing and struggling.

PEI Munian grabbed her hand and pressed it above her head. His kiss was still falling like a storm. Su Wanwan shuddered and couldn't help but say, "niannian, I feel strange. Don't be like this.

She liked niannian's gentle kisses, which were very comfortable. But now, it was also a kiss, but it made her feel uneasy, not knowing what would happen next.

PEI Munian stopped what she was doing and put some distance between the two of them. He was panting slightly, and his dark eyes were full of complicated emotions.

In fact, he didn't want to have further plans with su Wanwan so soon. He wanted to wait for her to completely recover from her injuries, or rather, when she fell in love with him completely, then they would be together rightfully.

However, there were many things in Xuanji that could not be predicted by man. No matter how powerful he was, there were things that he could not control and things that he could not predict. He had to plan ahead.

He didn't have the time to advance step by step, he wanted to race against time.

Now, her muddleheaded reliance on him might have had some elements of love, but in the end, it was he who had the upper hand the moment she woke up. Whether her heart would belong to him forever in the future, he needed to have a more important bargaining chip.

Perhaps having a child would be the best choice. Didn't he, Yueyue, owe her a child too?

PEI Munian lowered her head and gently kissed the corner of su Wanwan's lips. Her thin lips opened slightly, and her voice was hoarse and sexy. Wanwan, don't be afraid. Isn't tonight our wedding night? We're doing what we should be doing."

Su Wanwan blinked her beautiful big eyes. Her eyebrows were knitted and her eyes were full of doubts. I know what a wedding night is like. It's not like what we are like.

when I was watching TV, the two of them hugged each other and lay on the bed. The bed curtains were pulled down, and then there was nothing else!

Su Wanwan argued strongly, with an appearance of "I didn't study much, don't lie to me."

The corners of PEI Munian's lips curled up and she could not help but laugh. Every time she looked so innocent, he could not bear to bully her. But now, her innocent and pure look seemed to have added another fire to his body. It made him want to carve his own mark on this piece of white paper.

PEI Munian's eyes became darker and darker. Her ambiguous voice slowly flowed into su Wanwan's ears. Wanwan, what we have to do now is what happens after the bed curtains are drawn.tv shows can't teach you, let me teach you Wanwan.

As PEI Munian spoke, she kissed her again, with a hint of seduction, and swallowed this little white rabbit into her stomach.
