Love?

In the first half of his grandfather's sentence, his answer was clearly not to say that they were in love.

After she woke up from the operation, she couldn't speak at first because she was silent, so she could see things more accurately. Even if she could speak now, she could still see other people's true feelings.

Even if Grandpa wasn't lying, he was hiding something from her.

"Grandpa, Zhenzhen."

Su Wanwan still wanted to ask something, but Su Zhenhua waved his hand and looked tired. Wanwan, Grandpa called you here today just to see how you've been. Since PEI Munian has taken care of you so well, Grandpa doesn't have to worry anymore. You didn't tell PEI Munian when you came out today, so you should go home early, in case he finds out.

"Grandpa, Grandpa, Grandpa."

I'll give you a piece of advice. Don't throw a tantrum again, or you'll push her to someone else and let them take advantage of you!

"Alright, I'm tired. I won't send you off."

Nanny Li sent Su Wanwan out of the door and reluctantly said, "Miss, if you're free, come back often."

Su Wanwan's entire mind was occupied by her grandfather's words. Her eyebrows were tightly furrowed and her mind was in a mess. She didn't have the mood to respond to Nanny Li's reluctance. She looked at Nanny Li and couldn't help but open her mouth, "Nanny Li, how much do you know about me and Niannian? Can you tell me?"

Nanny Li's eyes flickered and she quickly shook her head. "Miss, I don't know about you and young master PEI."

She had already been reprimanded by old master for the words that she had accidentally blurted out yesterday. She didn't dare to speak nonsense again.

"Nanny Li, you must know. You even know that we're going to get a divorce! Just tell me, Yingluo."

Nanny Li was kind and didn't give her a sense of oppression like her grandfather. Su Wanwan subconsciously wanted to get some information from her mouth.

"Miss, I was just guessing and talking nonsense about the divorce. Please don't take it to heart. You and young master PEI are very close, very close."

Nanny Li's obvious avoidance made Su Wanwan's heart drop. She grabbed her hands and looked at her fixedly. She swallowed her saliva and opened her mouth, "Nanny Li, I won't make things difficult for you. You just have to answer one question of mine."

Nanny li still didn't dare to look at su Wanwan and only said weakly, "W-what question?"

Su Wanwan took a deep breath and clenched her hands listlessly. Then, she said word by word, "niannian and I, did we get married because we loved each other?"

Nanny li frowned and was silent for a few seconds before hesitantly replying, "miss, you're already married to young master PEI. Naturally, you love him.

Su Wanwan held nanny Li's hand and suddenly felt weak.

Grandpa said that young people like him got married because they loved each other.

Nanny li had said that they were already married, so it was natural that she loved him.

However, there was no definite answer. She loved PEI Munian and PEI Munian loved her too. They got married because they were in love.

that's enough, miss. Don't think too much. The most important thing now is that you can be happy. The car is here. Let's go back.

Nanny li opened the door of the back seat for su Wanwan and protected her as she sat inside. Then she said, "Miss, give me a call when you're back."

She closed the car door and instructed the chauffeur to start driving.

The car slowly drove out of the SU residence. Su Wanwan turned her head and looked at the residence behind her. It gradually became smaller and gradually disappeared from her eyes. She leaned back in the chair, her heart extremely heavy.

When the car passed by a large shopping mall, she inadvertently looked up and saw a familiar face.
