Su Wanwan thought about it and agreed. Anyway, she had already turned the house upside down. What difference would it make if she turned over another company? maybe the marriage certificate was really in the company. She didn't want to be such a nameless person.

"Okay, I'm going to the company now!"

Wu Ju looked at the sky outside. The sun was setting, and the sky was slowly turning dark. She frowned. young Madam, it's already time to get off work. Why don't you go tomorrow? "

"I want to go now!" Su Wanwan threw down this sentence and directly stepped out of the study.

If she couldn't be sure if she was really married to PEI Munian today, she would be making wild guesses the entire night and be restless. She might as well go to the company to find a marriage certificate. If she really wasn't, she could give up, Wanwan.

After the young Madam had woken up from her surgery, she had a child's heart. During this period of time, she had been spoiled by the young master. Aunt Wu knew that if she wanted to do something, she would not be able to stop her. She could only resign herself to fate and follow her. young Madam, I will go with you.

The car drove straight to the company's underground parking lot, and Auntie Wu managed to get the password to the PEI family's top floor's VIP elevator from her son's assistant. The two of them entered the elevator and went up to the top floor.

There was no one in the office and it was dark. Auntie Wu walked over and turned on the light. She pointed to the largest office and said, " "Young Madam, that's the president's office."

Su Wanwan walked over, pushed the door open, and walked in. She hit the switch on the wall. With a bang, the large office was brightly lit, making su Wanwan squint her eyes uncomfortably.

She looked around. The office was as unfamiliar to her as ever, but when her eyes swept over the black leather sofa, an image flashed through her mind.

The image flashed too fast for her to capture, but she had a strange sense of rejection towards the sofa, as if something bad had happened on it.

Su Wanwan didn't want to look at the sofa again. She moved her gaze away and looked at the office. Then she walked over.

She first searched the wide desk, but it was full of company documents. She found nothing.

Su Wanwan walked around the desk, sat on the swivel chair, and then pulled open the drawers one by one.

If she finished rummaging through the drawer and still didn't have the so-called divorce certificate, su Wan thought that she didn't need to ask aunt Wu and also knew what role she was playing.

When su Wanwan pulled open the first few drawers, she didn't find anything. There was only one drawer at the bottom left. As she pulled it open, her heart couldn't help but beat faster.

This was her last hope!

Her heart thumped and thumped. Su Wan's eyes couldn't help but close. When she completely pulled the drawer open, she took a few deep breaths and opened her eyes little by little.

What came into view was a silver diamond ring, and under the diamond ring was a Red Book with three big words printed on it: The marriage certificate.

Su Wanwan's heart, which was hanging in her throat, quickly fell back at this moment. She stared fixedly at the marriage certificate for a few seconds, her eyebrows gradually curved, her eyes were bright, and then she reached out to pick it up and kissed it hard.

So she and niannian were really married! They had a marriage certificate, so they were officially husband and wife. She was not a mistress!
