PEI Munian had meetings for the whole day and only ended in the evening. Then, he went to dinner. He took the opportunity to go to the bathroom to call su Wanwan, but no one picked up. He furrowed his eyebrows in confusion.

Su Wanwan was at home every day and had nothing to do. Usually, every time he called, she would pick up after a few seconds. What was going on today?

PEI Munian hung up and was about to call aunt Wu when her phone showed that it was out of battery and turned off automatically.

PEI Munian's brows furrowed even more. He did not know if it was an illusion, but he felt a little uneasy today.

After the meal, PEI Munian accompanied her father back to his room. He then walked back to his own room. He had already instructed the service staff to charge his phone. When he turned it on, the screen was filled with missed calls from Auntie Wu.

His premonition was right. Something must have happened to Wanwan. Otherwise, Auntie Wu wouldn't have called so many times!

PEI Munian's eyes turned cold. She unlocked the phone and immediately called back.

As soon as the call went through, Auntie Wu's panicked voice came from the other end of the phone. young master, something bad happened. I don't know what happened to young Madam today, but she insisted on asking if you two were really married. I told her that she didn't believe me, so she wanted to find the marriage certificate. In the end, when she went to the company, she found Hanhan's marriage certificate, but Hanhan also found Hanhan's divorce papers!

PEI Munian closed her eyes weakly.

At that time, he was busy chasing su Wanwan and wanted to figure out what was going on with her. That divorce agreement was left in the office just like that. Perhaps the Secretary helped him tidy up and put it away as an important document. Later, he was worried about su Wanwan's pregnancy and brain surgery and also forgot about this divorce agreement.

He didn't expect that su Wanwan would actually find Wanwan!

PEI Munian's hand unconsciously tightened around her phone. His eyes darkened and he swallowed his saliva. His voice was a little hoarse as he asked, " how is Wanwan now? "

Auntie Wu replied guiltily, " young master, I'm sorry. I wasn't able to look after young Madam. She took a taxi and we don't know where she is now. Old Wu and I are still looking for her.

"What?"

It was bad enough that su Wanwan saw the divorce agreement, but she actually disappeared!

PEI Munian pursed her thin lips tightly, her handsome face instantly covered in a haze, and an urge to kill quickly welled up in her chest. what did I tell you? I told you to look after Wanwan and not let her leave the villa. There are so many of you, can't you look after one person? ”

“Young master, I'm sorry, Yingluo.”

The dark light in PEI Munian's eyes surged, and his entire body was stained with an extremely dangerous aura. He opened his mouth and wanted to say something, but he suppressed it all in the end.

After all, there was no point in getting angry now. He needed to calm down.

PEI Munian took a deep breath and then exhaled. He quickly calmed himself down and then methodically instructed aunt Wu on how to find su Wanwan.

After hanging up, he quickly called assistant Wu and said, ” “Order me a plane ticket to L city as soon as possible.”

Before he could finish his sentence, he saw a small figure curled up at the door of his room.

PEI Munian's eyes were fixed on that figure, and her whole body trembled.
