If those memories were bad, she would rather her past be blank. She would rather live after the operation and live the happy Days with niannian.

What Gong Lingyu, what Xi Zhiwei, what child, she didn't want to think about any of them. She only wanted to think about her and niannian's beautiful future. She wanted to hold a grand wedding with niannian and let the whole world know that she was niannian's wife and niannian was her husband. They could live happily every day like this. This was what she wanted the most.

"Wanwan?" PEI Munian couldn't help but be surprised. She didn't expect su Wanwan to suddenly say this. why did you think of this? "

PEI Munian let go of su Wanwan a little and wanted to see her expression at the moment, but su Wanwan didn't let her. She hugged him tightly with both hands and buried her face in his chest. She restrained her uneasy emotions and pretended to be relaxed as she replied, " because I'm afraid that mother-in-law will break us up, so we'd better hold the wedding as soon as possible. That way, she'll have no choice but to acknowledge me!

Sure enough, su Wanwan's thinking was as simple and crude as ever.

PEI Munian's lips curled up and she rubbed her head gently. alright, then let's hurry up and hold the wedding. No one can break us up.

PEI Munian's heart was set and Mrs. PEI was also helpless. In the end, she didn't want to fall out with her son. Moreover, she couldn't bear to ruin her son's hard-won happiness. As for su Wan, she had become like this now and she couldn't pursue the previous matters with her. As for other things, it was naturally not her turn to worry.

Although she was not happy, it was her only son's wedding after all, so Mrs. PEI took the initiative to organize it. She only hoped that it would not be like the last time, where it was given up halfway.

During this period of time, su Wanwan had been accompanying Mrs. PEI to prepare for the wedding. This way, she could brush up a good impression in front of her mother-in-law and make her change her opinion of her and like her instead. However, since that day, she couldn't sleep peacefully every night. Every night, as long as she closed her eyes, she would always repeat the nightmare of that day. The same voice, the same words, the same scene, kept appearing in her ears and in her mind, so she couldn't sleep well at all, and her spirit was not good. His entire person was weak and dispirited.

Seeing her like this, Mrs. PEI thought that her body had not fully recovered and did not dare to ask her to continue accompanying her. Wanwan, you should go back and rest. You don't have to worry about these things.

Su Wanwan was most afraid of Mrs. PEI saying this to her. She quickly straightened her back and tried to lift her spirits. mom, did I do something wrong? "

no, you're not in good health. You should rest more. I'll get old Chen to send you back. Mrs. PEI could not help but ask Butler Xi to call the driver, old Chen.

no, no, no, I'm already fine. I don't need to rest!

"No," Madam PEI sized Su Wanwan up and said in disbelief, "you don't look well, and you're not in good spirits either. You've been with me for a few days, and I already know how you feel. Go back and take care of your body. Only then can you be a beautiful bride.

Mrs. PEI rejected her decisively. Su Wanwan didn't dare to refute her and could only nod.

Su Wanwan turned around and walked towards the entrance of the mall. Suddenly, she saw a familiar figure.
