Xi Zhiwei smiled and handed the menu back to the manager. then I'll have two glasses of warm water.

Even though they were drinking warm water in such a high-end coffee shop, the manager's respectful expression did not change. He withdrew the restaurant and nodded."Alright, please wait a moment."

After the manager left, Xi Zhiwei's two assistants also sat down at another table. The place suddenly became quiet.

Su Wanwan silently looked at Xi Zhiwei. Xi Zhiwei let her look and didn't avoid her gaze at all. She was even more pleased and content than su Wanwan.

The confusion in su Wanwan's eyes grew deeper and deeper.

If Xi Zhiwei was really the third party in her and PEI Munian's marriage, why didn't she feel any sense of shame in front of her?

She had heard what the two guests had said just now. It was impossible for her not to have heard it. So how could she keep a straight face and smile so nonchalantly in front of her?

Su Wanwan's world after she woke up from the operation had always been very simple and very pure, so she was also very straightforward and didn't know how to beat around the bush. At this moment, she also spoke bluntly, " I just saw you buying a bag in the store. The staff said that you swiped niannian's supplementary card, right? "

Su Wanwan's straightforwardness was a little unexpected to Xi Zhiwei. She raised her eyebrows slightly and her eyes flashed for a moment. She still smiled. sister Wanwan, you saw everything? Would you believe me if I said no?"

Her question was more revolting than a direct answer.

Su Wanwan's hand on the table suddenly clenched and her eyes became sharp. why do you have niannian's secondary card? "

Xi Zhiwei seemed to find su Wanwan's question a little funny and her eyes curved. sister Wanwan, I think you should ask brother mu Nian about this. He gave me his reason.

Su Wanwan knew that the supplementary card would not be given to anyone casually. It was usually given to immediate family members, partners or lovers. PEI Munian gave the supplementary card to Xi Zhiwei, which at least showed that their relationship was not ordinary!

However, Yingluo

niannian told me that there's no relationship between the two of you. How could he give you the supplementary card so casually? don't tell me that you used some means to get Hanhan? "

The smile on Xi Zhiwei's lips stiffened. Su Wanwan's unintentional words had poked the pain in her heart.

It was true that she wanted the supplementary card. At that time, PEI Munian had promised her a lot of compensation and also gave her a card with unlimited credit limit. However, she was not willing to accept it. No matter what, she could not let PEI Munian use money to buy away his guilt. Thus, she had requested to change the card with unlimited credit limit to his supplementary card.

She was never willing to give up just like that, so even if it was a relationship that was self-deceiving, she was willing to indulge in it.

And now, this secondary card has an additional benefit. No matter what she did before, she couldn't attract su Wanwan's attention and couldn't stimulate her memory. This secondary card was just the weapon she could use to defeat her.

It was just that, after confronting su Wanwan so many times, she had suffered losses every time. Now that PEI Munian was protecting her like that, she couldn't help but tremble when she thought of his dark and ruthless eyes. So she couldn't go head to head with su Wanwan anymore and could only be soft and retreat in order to advance.

since brother mu Nian said that we're not related, then we're not related. I'll just take it that I got this card through some underhanded means.

Xi Zhiwei was still smiling, but there was a hint of sadness in her smile. if you put it that way, brother mu Nian will be satisfied, right? "
