Because su Wanwan's hand was too strong, the blue veins on the back of her hand rose one by one. Gong Lingyu looked at su Wanwan's pained eyes. He knew what answer she wanted, but the truth was the truth. Even if he gave her a self-deceiving answer now, it couldn't beat her gradually recovering memory.

Gong Lingyu took a deep breath and nodded slowly. y-yes, he did!

It was the few simple words that he smacked away that easily crushed su Wan's hope.

It turned out that the nightmare that had been haunting her was not just a dream. The images that had just appeared in her mind were all her past memories.

She had thought that her relationship with PEI Munian might not have been so good in the past, but she had never thought that it would be so unbearable.

He had once gone against her wishes and forced her to abort her child.

Was this man still her niannian? Why was it so unfamiliar? why was it so terrifying?

"Why, Yingluo? why is he doing this to me? Why? Aren't we in love? Didn't he love me? Why are you so cowardly?"

Wanwan, don't get too worked up. Otherwise, your head will hurt again!

Yu Jia quickly comforted su Wanwan, but su Wanwan didn't listen to him at all. Her hand still clutched Gong Lingyu's sleeve tightly. Through her tears, she continued to ask, "is it because of Xi Zhiwei? " The person he likes is not me, but Xi Zhiwei. So he doesn't want my child?"

Gong Lingyu's eyes darkened. He could not bear to tell her the answer.

But she didn't need an answer. His silence already revealed everything. Su Wan's hand helplessly let go of his sleeve and fell down.

"So Yueyue didn't want me to get married to niannian, did he?"

Su Wanwan sat on the bed in a daze and hugged her knees with both hands. She had No Tears Left, but her voice became lower and lower, " then after my operation, he stayed by my side and said he loved me. Was it really because of guilt? "

She finally understood what Xi Zhiwei meant by those words. She also finally knew what a ridiculous and ridiculous thing she and PEI Munian had been in the past.

The love she thought she loved was just compensation. His kind intentions were too ridiculous.

Was everything that had happened so beautifully during this period of time all fake? She could not believe it!

Gong Lingyu, tell me, has niannian never liked me at all? " Even a little bit would be good, Yingluo.

Did PEI Munian ever like su Wanwan?

Something flashed in Gong Lingyu's eyes and his eyes were a little dazed. His mind couldn't help but recall the time before su Wanwan's operation. PEI Munian pretended to be by his side and stayed by her side almost 24 hours a day, taking care of her meticulously.

In order to persuade her to go for the surgery, he was willing to transfer his identity as Mr. W to her.

He would be the good guy and PEI Munian would take on all the bad guys.

If he only felt guilty towards su Wanwan,

However, Gong Lingyu no longer dared to believe PEI Munian. He had brought so much hurt to Wanwan in the past. Who knew if his deep affection now would turn into a sharp blade in an instant like before?

The more su Wanwan sank now, the more pain she would feel when she completely remembered the past. It was better to cut off all her thoughts at this time and let her return to reality.

Even if it was painful, it would only hurt for a moment.
