### 538 Misdirection (8)

Gong Lingyu sat on the edge of the bed and held su Wanwan's shoulders with both hands. His black eyes stared at her and his gaze gradually became firm. Wanwan, I can tell you clearly that no, PEI Munian has never liked you. When you two got married, it was because you were photographed walking out of the hotel room together by reporters. He had no choice but to take responsibility and was forced to marry you. After you two got married, I thought you were doing well, but that was not the case. He ignored you, ignored you, and never announced your identity. He even wanted to acquire the SU group and was with Xi Zhiwei."

"Don't say anymore, don't say anymore, Yingluo, I don't want to hear it!"

"Wanwan, you can't run away anymore! The more you try to escape, the more you will get hurt!"

Su Wanwan shook her head and covered her ears with both hands. The memories of the past were so painful that she would rather not know and would rather not remember anything.

However, Gong Lingyu pulled her hand down without giving her a chance to explain and continued, "Wanwan, actually, you'd already given up at that time. You were going to divorce him, but you didn't expect that you two would have a child, and he would be even more heartless and abort your child.

"I said stop!"

Su Wanwan's hand was waving randomly and she accidentally slapped Gong Lingyu.

However, Gong Lingyu acted as if he couldn't feel the pain and continued, "Wanwan, it's hard for you to accept it now, but these are all from the past. If you can remember a little now, you'll remember everything in the future. You can't escape from it.

It was better to get the pain over and done with. Now that she knew everything, it was better than having to suffer every time she thought about it. It was better than making the wrong choice when she was escaping and having to regret it in the future.

"Alright, that's enough!"

Yu Jia suddenly spoke up. She took a step forward, pulled Gong Lingyu up, and glared at him fiercely. can't you see that Wanwan doesn't want to hear it anymore? And you're still talking about it. "

Yu Jia reached out and hugged su Wanwan. His hand gently patted her back and comforted her with heartache, "Wanwan, these things are all in the past. Why do you have to remember unhappy things? just let it go like a fart.

"As for that PEI Munian, as long as he treats you well now, isn't that enough? You like him, and you have a child. You'll be a happy family of three in the future. Why do you care about an insignificant person's nonsense? we should live in the present."

As long as PEI Munian was good to her?

Was it really possible that as long as he treated her well, she would be able to ignore the past, ignore Xi Zhiwei, and just stay by his side?

Even if he didn't love her, it didn't matter?

Just Gong Lingyu's words were enough to make her feel so terrible and in so much pain. Would she really be able to accept it when she really recalled those images in her mind?

When Gong Lingyu heard Yu Jia's words, he couldn't help but interrupt her. you still say that you're Wanwan's best friend. Do you know that what you're saying now is equivalent to pushing Wanwan into the fire pit? If you don't know anything, then don't talk nonsense!"

He didn't want Wanwan to be in pain either. He wanted Wanwan to be happy more than anyone else, but PEI Munian would never be the one to bring her happiness.

"You shut up!"

Yu Jia couldn't take it anymore and kicked Gong Lingyu's calf bone hard. do you want me to sew your mouth up with a needle?!

"You,"

"Can you all leave?"
