Chapter 54 Payment in installments (4)

Su Wanwan was indeed a little afraid to see PEI Munian, but if he didn't come home, she couldn't talk to him about the payment. She pursed her lips and added in a low voice, " you haven't come back for a few days.

The other end of the phone was silent.

Su Wanwan's heart couldn't help but beat along with his silence.

After about two minutes, PEI Munian's low and cold voice came over, full of sarcasm and contempt. su Wanwan, if I remember correctly, that night, you were the one who virtuous and virtuous told me that you wouldn't disturb me and asked me to treat you as non-existent. Why, it's only been a few days and you're already complaining that I don't go home? "

Su Wanwan's hand suddenly clenched her phone.

At that time, she only said those words because she felt that he was forced to marry her. She didn't want him to be unhappy, so she said those words. Now, it seemed like she had shot herself in the foot.

Su Wanwan was at a loss for words and couldn't speak for a long time.

This time, PEI Munian was extremely patient. She did not hang up the phone and waited for her reply.

Although he didn't speak, but listening to his subtle breathing over there, su Wan's heart was still extremely flustered and helpless. Her pearly white teeth bit her lower lip hard. Su Wan thought for a long time and couldn't think of what words to use to round up the words before. She frowned, her black eyes turned left and right, and simply made a last resort as a last resort. She gritted her teeth and said: I'm sorry. I shouldn't have said those words before. I've reflected on myself these few days. Since we're married, I should be a good wife, take good care of you, love you, and live a good life.

Take good care of you, love you, and lead a good life. These were such wonderful words, but the more wonderful they were, the more PEI Munian felt it was ironic.

PEI Munian was very clear about the purpose of su Wanwan's call today. In fact, it was equivalent to him using money to force her to make this call. But when she really made this call, not only was he not happy, but a wave of anger quickly rose.

He sneered and his mocking words were even more merciless, " su Wan, isn't it for the second sum of money? How can you say such hypocritical and disgusting words so sincerely? how can you be so thick-skinned?"

Su Wanwan had heard so many of his cold words that she actually felt that she was gradually becoming immune to it and was a little numb to the pain.

Anyway, in his heart, her evil deeds could not be washed away even if she jumped into the Yellow River, so why would he mind having another one?

Su Wanwan gently took a breath, swallowed her saliva, curved her lips, and tried to steady her voice. She said calmly, ” didn’t you say that as long as I satisfied you, you would make a deal with me? I’m doing my best to satisfy you.”

Su Wanwan’s words had just fallen when the breathing on the other side suddenly became heavier. Even through the phone, su Wanwan could feel his violent anger.

PEI Munian laughed. Her laughter was short and filled with endless coldness. alright, I’ll go back tonight. Let’s see how you’ll try to satisfy me!

The phone hung up with a click. Su Wan listened to the cold Dudu sound in her ear and pulled the corners of her lips, but it was full of powerlessness.

She didn’t want things to come to this between her and PEI Munian. In this marriage, she only wanted to be silent and content with her lot. She would leave whenever he chased her away. But why did Wanwan and the rest still end up like this?
