PEI Munian's body trembled, and his black pupils suddenly contracted. He looked at Yu Jia in shock, his handsome face full of shock, and his voice was light. you're pregnant with Qianqian? "

Yu Jia walked in front of PEI Munian and nodded. yes, Wanwan is pregnant.

PEI Munian's Black eyes returned to su Wanwan's face. The light in her eyes flickered and was filled with excitement, joy, and all kinds of emotions. Wanwan, you're pregnant. We have a child.

Even if this child was in his plan, when he really arrived, he was still indescribably happy. He once again took su Wanwan into his arms and held her tightly. He was actually as happy as a child and kept murmuring in su Wanwan's ear, " we have a child, Wanwan, we have a child, Wanwan.

Su Wanwan had never seen PEI Munian so happy and so lost. He seemed to like this child very much. Was it because he could finally give her a child?

Su Wanwan knew that she shouldn't think this way, but she couldn't tell whether PEI Munian's happiness was sincere or fake, just like how she couldn't tell whether PEI Munian loved her or felt guilty towards her.

Yu Jia sent PEI Munian and su Wanwan to the entrance of the hospital. PEI Munian went to get the car while Yu Jia accompanied su Wanwan to wait at the entrance. Seeing PEI Munian walk away, she turned her face, looked at su Wanwan, and said gently, " Wanwan, I'm sorry. Perhaps you don't want to tell PEI Munian about your pregnancy yet, so I told her on my own.

but Wanwan, you've always liked PEI Munian since University. Even though you've forgotten everything, you still like him. Then, the past should be the past. You just have to treasure the happiness in front of you.

"Yu Jia,"

Wanwan, when you were pregnant for the first time, you were determined to keep the child, so I know that you must love the child's father. If you love him, you should fight for him.

alright, the car is here. Don't think too much. You're pregnant now and you have to take care of the child in your stomach. After a few days, when your emotions have stabilized, we'll do a proper check, okay? "

Yu Jia protected su Wanwan and sat in the front passenger seat. Then, he said goodbye to the two people and closed the door.

PEI Munian leaned over and gave su Wanwan a sense of security. She planted a kiss on her lips, then sat up straight, started the car, and drove away.

The car drove away slowly. As soon as Yu Jia turned around, she saw Gong Lingyu standing stiffly behind her. She curled her lips and went forward. Hey, I'm warning you. Don't provoke Wanwan again, or I won't let you off!

Yu Jia waved his fist at Gong Lingyu and then left.

Back at the villa, PEI Munian didn't let su Wanwan walk. She directly carried her out of the car and carried her inside.

Aunt Wu saw PEI Munian carrying su Wanwan in and su Wanwan's face was pale. She thought that something was wrong with su Wanwan's body again and quickly went up to her, looking at her with a worried face. young master, what's wrong with young Madam? " Are you having a headache again?"

The corners of PEI Munian's lips curled up and she actually laughed out loud.

Auntie Wu was stunned by his smile. what's wrong with ran ran? "

The young Madam was not feeling well, so why was the young master still smiling so happily?

PEI Munian didn't answer aunt Wu directly. Instead, she carried su Wanwan back to the bedroom upstairs and carefully placed her on the bed. Then, she said to Wu Xin, " Wanwan doesn't have a headache. It's Hanhan.
