After serving Mrs. PEI her meal, Butler Xi made an excuse to go to the bathroom and walked to the small garden at the back. After making sure that no one was around, he took out his phone and gave Xi Zhiwei a call.

After a while, the other party picked up. Hello.

"Weiwei, it's mom. I have something to tell you, Yueyue."

Xi Zhiwei's stomach was full of anger because she was taught a lesson by su Wan. She didn't expect that in just a few hours, she would hit her with such a heavy blow. Xi Zhiwei's voice couldn't help but tremble. Are you sure? "

it shouldn't be wrong. Madam has already called old master to tell him.

"Damn it!"

Xi Zhiwei was so angry that she smashed her phone on the ground. Her expression became ferocious and she accidentally pulled on the wound on her cheek. It hurt so much that she gasped.

Why is su Wanwan always so lucky? It was as if God would take the initiative to give her whatever she wanted, and she had tried her best to fight for it, but she had not gotten anything.

if su wanwan had a child, then mrs. pei would no longer be biased towards her and her bargaining chip would become a joke. one must know that for this bargaining chip, she did not hesitate to do such an unbearable thing. was she going to fall short again?

No, she would not allow such a thing to happen. She would never allow it.

Xi Zhiwei clenched her fists and her eyes narrowed. Her eyes were filled with gloom.

Su Wanwan didn't sleep peacefully all night. The fragments of memories she remembered in the hospital kept replaying in her mind. The more she didn't want to think about it, the clearer those images became, forcing her to come back little by little.

"Don't ..."

Su Wanwan shouted and suddenly sat up.

The sky was already bright and the sunlight from outside the window shone in. The entire room was warm, but su Wanwan couldn't help but shiver.

Aunt Wu heard her call and quickly ran in from outside. When she saw su Wan sitting on the bed with sweat all over her head, she was shocked and quickly said: "Young Madam, are you alright?"

Auntie Wu walked over and cried out again, " young Madam, your clothes are all wet. What, what's wrong? "

Su Wanwan raised her eyes in a daze. Her eyes slowly woke up from the confusion. This was her and niannian's bedroom, their home. There were no those terrible nightmares and those terrible scenes.

"Young Madam, please get up and change your clothes. You can't catch a cold now!"

Su Wanwan looked at the seat beside her out of habit. Aunt Wu understood and said, "young master has already gone to the office. He even told me not to wake you up this morning. Young Madam, please change your clothes first. If you're looking for young master, you can give him a call later.

Aunt Wu went to the changing room to get some clothes and came back. She wanted to help su Wan change, but she took the clothes herself and her voice was a little hoarse, "I'll do it myself.

Auntie Wu nodded and left the room.

Su Wanwan took the clothes to the bathroom, simply wiped them, changed her clothes, and freshened up. She recovered a little.

When she came out of the bathroom, the phone on the bedside table rang. She walked over and picked it up. Her eyes narrowed.

After hesitating for two seconds, su Wanwan still picked up the phone.

There were only a few words at the other end of the phone and it was hung up. Su Wanwan's hand slowly clenched the phone, her heart thumping wildly.

After standing in place for a long time, she finally couldn't hold back. She ran out of the room and went downstairs. After leaving the villa, su Wanwan stopped a taxi and said to the driver, "Sir, to the PEI Corporation."
