Su Wanwan's body shook fiercely and her face turned pale.

When others said that PEI Munian and Xi Zhiwei had a relationship, she tried her best not to care about it. This was because niannian had already explained to her that he had nothing to do with Xi Zhiwei, and he had nothing to do with Xi Zhiwei's child.

However, when Xi Zhiwei questioned her, Nian Nian did not deny her words, as if she had silently agreed.

So, from the beginning to the end, everyone else was telling the truth, and only niannian was lying to her?

No, it was not like that. Niannian said that she would not lie to her. She had to ask Xi Zhiwei clearly what she meant when she said that night. What did she mean by taking responsibility?

Su Wanwan steadied her mind and wanted to push the door open and rush in, but she saw Xi Zhiwei suddenly raise her hand and hug PEI Munian.

Su Wanwan's footsteps suddenly stagnated, her hand also stopped fiercely, her black pupils suddenly contracted, and a familiar scene suddenly rushed into her mind.

At the same time, su Wan's head seemed to be poked by an extremely sharp thing. It hurt so much that she almost cried out and her hand covered her mouth tightly.

The image in her mind was like a flood that had opened the floodgates and kept surging out. Su Wanwan's head hurt so much that it felt like it was about to split. She could only hold on to the last bit of strength and run towards the elevator.

Xi Zhiwei's hand touched PEI Munian for a second before she was pushed away by him. His handsome face was extremely cold and his eyes were like daggers. He glared at Xi Zhiwei. Didn't I tell you not to touch me? "

Xi Zhiwei was pushed and staggered a few times before she managed to stand firmly.

The corner of her eyes first glanced at the door, but su Wan's figure was already gone. Her lips curved up without a trace, then she raised her eyes and looked at PEI Munian with tears in her eyes. brother Munian, I'm sorry. I was too excited. You've already given me enough compensation, what more should I ask for?"

PEI Munian's hands clenched into fists. The anger in her eyes surged but she suppressed it in the end. He was silent for a moment before saying, " if you're worried about the public opinion, I can send you abroad. After your child is born, if you don't want to raise him, I will get someone to raise him. After you return, everything will be the same as before. I can give you better resources and make you more famous than you are now.

Going abroad?

Xi Zhiwei's heart skipped a beat and she shook her head. no, I don't want to go abroad. Brother mu Nian, I was too greedy. I shouldn't have come here today. I completely understand what you mean. Don't worry, I won't use this matter to disturb you and sister Wanwan anymore. I, I'll be leaving first.

After saying that, Xi Zhiwei picked up her bag from the sofa and left in a hurry.

In the short one minute of sitting in the elevator, su Wanwan's entire brain seemed to be playing a movie. Frame by frame, images flashed by. Her life seemed to be rewinding. The forgotten memories, accompanied by severe pain, returned to her mind little by little.

When the elevator door opened, she was covered in cold sweat and her body trembled badly. She braced herself and gritted her teeth as she walked out of the PEI family corporation.

However, when she walked to the flower bed opposite her, she couldn't hold on any longer and fell to sit down. All the memories in her mind rushed up!

Su Wanwan painfully groaned and held her head with both hands.

The memories raged in her mind, and the pain and heaviness pressed down on her.
