

## Deeply 551

551 Is this what you want?(1)

The day of the wedding gradually approached and su Wanwan's heart also became more determined.

From love comes worry, from love comes fear, if you leave your love, there is no worry and no fear.

In order to get PEI Munian's love, she had already done everything she could. It was just that from the beginning, PEI Munian had kept her out of the range of love. It was a barrier that she couldn't get rid of no matter how hard she tried.

After going through so much and losing a child, she finally realized that she would not let herself do such silly and useless things again.

A week before the wedding, su Wanwan received the abortion papers and a thick stack of cash from Yu Jia. When Yu Jia handed it to her, she was still hesitant and unwilling to let go. Wanwan, have you really made up your mind? " Are you sure you want to do this?"

Su Wanwan's hand pulled hard and pulled the birth certificate and cash over. She waved the things in her hand and said sincerely, " Yu Jia, thank you. I will return the money to you as soon as possible.

"Who cares about the money? let me ask you, do we have to do this? You have to know that if you lose this chance, you may not have another chance to be with PEI Munian in the future!"

Su Wanwan raised her head and looked out of the window. The sun was shining brightly outside the window and the sky was cloudless. The weather these days was surprisingly good. It was a really good day.

During this period of time, when PEI Munian hugged her and imagined their future together, when they imagined what their child would look like, it was not that she was not moved. It was not that she had not thought of living like this.

However, even if she could not hate PEI Munian for what she had done to her, she could not ignore what had happened between him and Xi Zhiwei. She could not ignore the fact that he did not love her.

In the past, when she married him, she had hope in her heart. But now, she had no hope. How could she persist?

She couldn't get the person she loved, and she didn't want PEI Munian to end up like her, unable to get the person he loved.

Even if she looked silly like this, since she couldn't hate him, she shouldn't blame him either. She couldn't be happy, but at least he was happy, and she felt comforted.

After su Wanwan got the money, she quietly bought a plane ticket.

She thought that after falling out with PEI Munian this time, she would definitely not be able to stay in L city anymore. Too many people were watching this wedding and she did not want to live in front of everyone's cameras. Moreover, PEI Munian might not want to see her here anymore. Instead of waiting

for him to make a move, she might as well choose her own escape route. As for this backup plan, she had already thought of it.

Although su Wanwan and PEI Munian were already married, su Wanwan still had to get married in the SU residence. So three days before the wedding, aunt Wu packed some simple clothes for su Wanwan and PEI Munian drove su Wanwan back to the SU residence.

After the car arrived at the SU residence, PEI Munian wanted to accompany su Wanwan to get out of the car, but she was rejected. niannian, I can go in by myself. You don't have to send me.

“Wanwan, we won't be able to see each other for the next three days, but you won't let me accompany you for a while? Hmm?” PEI Munian's dark eyes fell on su Wanwan's face. She seemed dissatisfied, but there was also a trace of inquiry.

Su Wanwan subconsciously avoided PEI Munian's gaze, but she was afraid that he would see that something was wrong. She squeezed out a smile and directly reached out to hook her arms around PEI Munian's neck, acting coquettishly. I want to, but I'm afraid that once you accompany me in, I won't want you to leave. It's better for you to leave now.
