559 He's getting married (1)

In this one year, su Wanwan didn't pay attention to anything in L city. She only knew about this matter when Yu Jia called and inadvertently mentioned it.

Su Wanwan looked at Xi Zhiwei on the screen. She was as beautiful as ever. No, compared to her original simple beauty, there was now a hint of happiness between her eyebrows. The beauty surrounded by happiness made people unable to move their eyes away.

Su Wanwan looked at it for a while and couldn't help but be a little lost in thought. Finally, she was awakened by nanny Li's voice.

"Miss!"

Nanny Li's voice resounded in her ears, with incomparable joy. She rushed up and hugged su Wanwan, crying with joy, "miss, you're back, you're finally back. I missed you so much.

Su Wanwan smiled and also reached out her hand, hugging nanny li tightly. nanny Li, I missed you too! after nanny li let go of su wanwan, she quickly sized her up. "miss, you've lost weight. why didn't you take good care of yourself?" If the old master was still here, he would definitely be heartbroken."

"I do, but I'm not used to the food overseas, so I look a little slimmer."

it's fine, it's fine. You're back. What do you want to eat? nanny li will cook for you. I guarantee that you'll be chubby and fair.

"Alright," he said.

Secretary su also came up from behind and said to su Wanwan, " "Miss, you've worked hard this year."

Su Wanwan shook her head lightly, " it's not hard. I'm very happy and satisfied to be able to fulfill grandpa's wish. Grandpa can finally be at ease in the world.

"Yes, miss. You did very well."

Nanny Li's attention had already turned to the baby carriage next to su Wanwan. Nanny li looked at the little person sleeping soundly inside, and her motherly love instantly overflowed, " miss, is this the little young master? "

She couldn't help but reach out her fingers and gently touch the child's fair and tender little face. so cute. He looks like you when you were young, Yingluo.

Su Wanwan was amused by nanny Li's words and retorted, " of course not. He's a boy. If he looks like me, doesn't that mean that I also looked like a boy when I was a child? "

Nanny li picked up the child and kissed his little cheek. She smiled and said, " "Young miss, don't doubt me. I've watched you grow up since you were young. I remember clearly what you look like. You really look like a template. If you don't believe me, you can go back and look through the photo album."

Su Wanwan looked at the child's face and the corners of her lips curled up. A touch of gentleness appeared between her eyebrows. Well, it's the same genes. It's normal to look like him.

"Alright, let's not stand here and chat. Let's go back first."

As Secretary Su spoke, he came over to take the luggage from Su Wanwan's hands and pushed it out.

The car slowly drove on the road. Su Wanwan rolled down the window and the warm wind poured in from the window. It was comfortable and comfortable, unlike when she was abroad, where the wind was always cold.

Perhaps Xi Zhiwei was really too famous. The streets and alleys were filled with her posters and advertisements. At a glance, they seemed to have occupied the entire city.

Su Wanwan didn't want to see her. She retracted her gaze, rolled up the window, and casually took a magazine from the car. She didn't expect the cover of the magazine to be Xi Zhiwei.

Su Wanwan pouted and was about to throw the magazine back when she inadvertently swept a line of words on the cover of the magazine.

Su Wanwan's eyes narrowed. The hand that was about to put down the magazine tightly clenched the magazine again.
