562 He was getting married (4)

What plans do you have, Yingluo?

Su Wanwan lowered her eyes and then smiled. what other plans can I have? of course, I'm going to work hard to earn money, raise the child, and then earn his wife's sister-in-law.

"Su Wanwan, that's enough. You're still so young and beautiful. Don't tell me you'll spend the rest of your life on a child!"

my most important mission right now is him. Of course, he's my priority!

Yu Jia's eyes suddenly froze. She looked at su Wanwan and wanted to say something but stopped.

Su Wanwan glanced at her. what do you want to say? just say it directly.

Yu Jia took a deep breath and couldn't hold it in anymore. Wanwan, Wanwan, are you still thinking about PEI Munian? "

At the sudden mention of PEI Munian, su Wanwan's eyes were a little dazed. Yu Jia looked at her and her eyebrows furrowed. Wanwan, you can't really be Wanwan.

Yu Jia swallowed hard and his tone became a little more serious. Wanwan, if that's the case, you should give up on this idea. Now, let's take a break.

Yu Jia hadn't finished speaking when su Wanwan directly interrupted, " he's getting married, right? "

"Ah? How do you know?"

Even if she had already been mentally prepared, even if she had already seen the magazine's news when she came back that day, the smile on su Wanwan's lips at this moment still became stiff.

Yu Jia realized that he had said the wrong thing, so he added, " this Wanwan incident hasn't been officially announced. It's just ... It's just a random rumor. Maybe it's not the case at all.

"But, Zhenzhen."

Although Yu Jia didn't want to hurt su Wanwan, she still had to tell her what she should say, so as not to let her hold any unrealistic fantasies and get hurt again.

Wanwan, although there wasn't much news about PEI Munian and Xi Zhiwei in the six months after you left, and the two of them seemed to have gradually lost contact, ever since Xi Zhiwei's car accident six months ago, she's slowly been involved with PEI Munian on the surface. After she recovered, all of her television, film, and advertisement resources were built and paved by the PEI group behind her back. There were also photos of them returning to the PEI family's old residence together by the paparazzi, and Ling, it's that Gong Lingyu. He also told me that PEI Munian and Xi Zhiwei's relationship is pretty close."

Yu Jia's voice became smaller as he spoke and he carefully looked at su Wan's face.

Other than her smile fading a little, su Wanwan had been very calm. I know.

“You know?” Yu Jia was surprised.

Su Wanwan lifted her eyelids but still smiled. the person PEI Munian originally liked was Xi Zhiwei. Isn't it only natural for them to be together and prepare to get married? ”

Su Wanwan's smile was uglier than crying. Yu Jia couldn't help but sigh. look at you. If you couldn't bear to part with him, why did you run away from the marriage? if it were me, I wouldn't care whether I like him or not. I would just stick to him until he likes me.

Until he likes it?

She wanted to and had tried it before, but Hanhan had already excluded her. She had no chance at all.

The next day.

Su Wanwan took the child to pay respects to her grandfather. After it was over, su Wanwan suddenly thought of something and asked nanny li to take the child to the car outside and wait while she walked further inside the cemetery.

She remembered that that person was also buried in this Cemetery. Today was his death anniversary, Xuanji.
