Dr. Zhao, who was dressed in a white coat, was as kind as he remembered. He had a bright smile on his face and made people feel that he was exceptionally kind.

After su Wanwan's brain surgery, he was in charge of her postoperative rehabilitation. He had been patiently guiding her recovery, patiently comforting her, and encouraging her, so su Wanwan was also very close and dependent on him.

Su Wanwan smiled and walked forward, greeting him. Dr. Zhao, long time no see.

Dr. Zhao also didn't expect to meet su Wanwan again here. His eyes were slightly surprised and then he smiled, " young miss su, long time no see.

Dr. Zhao said the wrong thing and felt a little embarrassed. He quickly changed the topic. miss su, why are you at the hospital? Are you feeling uncomfortable?"

Su Wanwan shook her head. I'm not feeling unwell. I came here to confirm some things.

"I see. Is there anything I can help you with?"

Su Wanwan originally wanted to say that she didn't need it, but she suddenly thought of something. She looked at Dr. Zhao and said, " I have a question and would like to consult you.

"Oh? Let's talk in my office then."

Dr. Zhao led su Wanwan to his office and asked her to sit on the sofa. Then, he instructed his assistant to pour tea.

Dr. Zhao sat opposite su Wanwan and elegantly crossed his legs. He put his hands on his knees and looked at su Wanwan. He opened his mouth, " miss su, what do you want to ask? go ahead.

Su Wanwan picked up the teacup and took a sip of tea. After swallowing it, she deliberated over her words and said, " Dr. Zhao, I always felt that I remembered everything in the past, but I was a little agitated yesterday and some images that I have never seen appeared in my mind, but they felt very real. Could this be my previous memory, but I just didn't remember it? is there such a situation? "

Dr. Zhao furrowed his brows and pondered for a moment before replying, " such situations are very rare. Usually, when you recover your memory, all your memories will come back, unless it's something that happened a long time ago. For example, you might not remember things from your childhood, but you should remember things that happened recently.

Dr. Zhao looked at su Wanwan's confused face and couldn't help but ask, " "Miss su, what have you recalled that you don't have any memories of?"

Su Wanwan raised her eyes and glanced at Dr. Zhao. She didn't hide it from him and said it directly, " I was hit by a shopping cart yesterday. I don't know if it was because of this stimulation, but I dreamed that I was at the entrance of the hospital. I was hit by the hospital cart and then fell into a pool of blood. It clearly didn't happen, but I felt very uncomfortable, so I thought that maybe my memory was wrong, ran ran.

Su Wanwan hadn't finished speaking when Dr. Zhao interrupted her in surprise, " miss su, this matter really did happen. You, you don't remember? "
