576 The missing memory (8)

Dr. Zhao's words, one word at a time, clearly entered su Wan's ears. Su Wan's whole body seemed to have been hit by a petrifying acupuncture point and she froze there.

PEI Munian was not the one who was cruel enough to send her into the operating room to abort her child. Instead, it was Wanwan who fell and bled a lot, which was why she could not keep the child?

"Is what you said about Yingluo true? PEI Munian didn't force me to undergo the surgery to abort the child?"

Su Wanwan's voice couldn't help but tremble. For a moment, she didn't know how to accept this fact.

Dr. Zhao was both surprised and puzzled. miss su, why do you think that way? "Boss PEI didn't force you to abort the child. I remember that you were covered in blood when boss PEI carried you over. You were also stained with his blood. You were on the verge of death, and boss PEI's hands were trembling as he carried you. That was the first time I saw him so afraid."

he knows that you care a lot about the child, so he hoped that I could protect you and the child. However, there was nothing I could do at that time. Boss PEI had no choice but to give up on the child.

He had no choice but to give up on Xuxu.

"Does PEI Munian really want to keep the child? However, he was previously disdainful."

Dr. Zhao seemed to know what she was going to say. He could not help but shake his head and sigh. miss su, boss PEI wanted you to abort the child previously because the blood clot in your brain was very serious. If you did not do the operation, it would be life-threatening. That's why he became the bad guy and forced you to abort the child so that you could live. You're not willing to abort the child, but he didn't force you, did he? During that time, he kept looking for a doctor, hoping to find a way to kill two birds with one stone. Unfortunately, Yingluo, you fell down and lost the child."

miss su, boss PEI really has good intentions.

With Dr. Zhao's words, su Wanwan's body swayed. If it wasn't for her hand holding the chair, she almost couldn't sit still.

She would never have thought that PEI Munian, who looked cold and heartless at that time, had done so many things behind her back. It turned out that he had never really wanted to abort her child. He didn't mean what he said about not wanting to have her child and not wanting to leave any future trouble.

So, she had always blamed him wrongly, always blamed him wrongly.

Su Wanwan sat there in a daze and recalled the scenes at that time. Behind every extremely hateful scene, PEI Munian's unknown intentions were hidden. And she, because of the child, said such excessive words to him and did such excessive things to him.

Su Wanwan's eyes couldn't help but turn red. Tears flickered at the bottom of her eyes. She lowered her eyes and gently swallowed her saliva, suppressing the sourness in her throat.

Dr. Zhao looked at her and couldn't help but feel a little regretful. It was really heaven's will. Who knew that su Wanwan actually forgot about her fall and only thought that PEI Munian was ruthless enough to abort her child?

Originally, they should have been able to walk together happily for the rest of their lives, but it was a pity that ran ran had already heard about PEI Munian and Xi Zhiwei's marriage.

Dr. Zhao thought about it and sighed again. He didn't dare to mention PEI Munian's matter again in case su Wanwan was sad, so he quickly changed the topic back, " miss su, you only remember that you fell, Hanhan, and so on. You're saying that you were knocked down by a cart? "
