580 A domineering return (2)

When he said the last sentence, Yu Jia emphasized his words clearly and with a hint of excitement.

Su Wanwan raised her eyebrows and said, "What unexpected discovery?"

Yu Jia paused for a moment and swallowed. He lowered his voice and replied, "when I was looking at the surveillance camera, I heard the staff gossiping. They said that Xi Zhiwei came to the mall here yesterday to pick out a wedding ring.

".....?" Su Wanwan's breathing sank a little.

Yu Jia noticed the change in Su Wanwan's mood and quickly coughed twice. Aiya, the wedding ring is not the main point. I mean, she also came to this mall yesterday!

"Wanwan, don't you think it's strange? After you returned to the country, you took Xiao Zeze out, and nothing happened. Not to mention, you were in a big shopping mall with cameras and security guards everywhere. Even a normal human trafficker wouldn't be so arrogant, unless the person wasn't a human trafficker, but someone who has a grudge against you!"

"This person, other than Xi Zhiwei, I really can't think of a second one! You disappeared for a year and came back with a child who was only a few months old. When you left, everyone misunderstood that you were pregnant. Maybe she thought that the child was PEI Munian's, so she wanted to snatch the child away to investigate."

Xi Zhiwei and Su Wanwan didn't get along. When they were in University, Yu Jia had already experienced her various White Lotus tricks. She wasn't surprised at all that she could do such a shameless thing.

With Yu Jia's words, Su Wanwan slowly fell into deep thought. She wasn't thinking about the business world, but she was thinking about the matter a year ago.

It was exactly the same trick.

Similarly, he had pushed his cart to knock into her, similarly, he knew how to avoid the surveillance cameras, and similarly, he had appeared in the same place as her.

If what happened at the hospital was a coincidence, then what about what happened at the mall? Was it also a coincidence?

She knew that there were many coincidences in this world, but she did not believe that there would be such a coincidence between her and Xi Zhiwei.

At this point, she could be one hundred percent sure that the person who had pushed her cart at the back door of the hospital a year ago and the parking lot of the mall yesterday was definitely Xi Zhiwei.

Unfortunately, she didn't have any evidence now. All the surveillance cameras didn't capture her pushing the car into her. Even if she wanted to settle the score with her, she wouldn't have a reason to do so. Instead, she would be accused of framing her.

Su Wanwan bit her lower lip and her hands couldn't help but clench tightly.

Yu Jia nagged for so long before she realized that Su Wan didn't speak for a long time. She said with some worry: "Wanwan, are you alright? Are you scared?"

Su Wanwan came back to her senses and her voice was a little deep. no, I just thought of some other things.

"What's the matter?"

Su Wanwan gently pursed her lips and slowly opened them. do you still remember that I had-miscarriage a year ago? I always thought that PEI Munian forced me to abort my child, but I only found out today that my child ran ran might have also been aborted because of Xi Zhiwei."

"What?"

but I don't have any evidence. Just like the shopping mall yesterday, I don't have any evidence. Su Wanwan briefly explained what happened.

Yu Jia was so angry that she couldn't help but curse. are we just going to let her get away with it? "

She suddenly thought of something and became even angrier. Oh right, I heard from Gong Lingyu that the PEI family will be announcing their marriage at the mid-year Gala this weekend!
