583 A domineering return (5)

Su Wanwan was so shocked by Yu Jia's words that she almost bit her tongue- Yu Jia, you've watched too many melodramatic TV shows!

Technology was so advanced now, and it was not like before. How could it be so easy to turn from a Dragon into a Phoenix?

of course, I know it's not that easy, but there's no other way now, so we can only take the risk. Wanwan, you have to think this through. If PEI Munian and Xi Zhiwei get married, it won't be so easy for you to take revenge on her. The PEI family will definitely protect her.

you know how powerful the PEI family is. Ordinary people like us can't win against them, so we can only crush her wishful thinking before she becomes a member of the PEI family. We can also give her a hard blow!

Yu Jia knew that his method wasn't very reliable, but it was the best solution, wasn't it? Wanwan had suffered so much, how could he just let it go like this? Moreover, she had to watch Xi Zhiwei be proud and watch her happily marry PEI Munian. Just thinking about it made her feel depressed for su Wanwan.

However, even as her best friend, she could only give her advice and not let her do as she wished.

Yu Jia took a deep breath and calmed herself down. Her voice softened. Wanwan, if you're just worried about the DNA test, I can help you. If you still don't want to use Xiao Zeze, we'll think of another way. I'll support you no matter what you want to do. Just follow your heart."

Su Wanwan's heart moved slightly and warmth gushed up. She hummed in a low voice, " Yu Jia, thank you.

Good friends and best friends could always put themselves in your shoes and think for you, worry for you, and be angry for you.

alright, it's getting late. You haven't had dinner yet. Hurry up and eat. Go home, take a shower, and have a good sleep. No matter what, we'll talk about it after you wake up.

Su Wanwan couldn't help but smile. mm, okay, I'm hanging up.

After hanging up the phone, su Wanwan leaned against the back of the chair, her hand supporting her forehead, and pretended to take a nap for a while. When the sourness in her eyes eased a little, she started the car, stepped on the accelerator, and the car merged into the traffic.

When su Wanwan drove past the business district, she saw the PEI family corporation at a glance. For some reason, she released the accelerator, moved to the brake, and stepped on it.

The car slowly stopped on the side of the road. Su Wanwan rolled down the window, raised her eyes, and looked at the PEI family group in front.

It was a huge poster with Xi Zhiwei's picture on it.

Xi Zhiwei was the spokesperson of the PEI family corporation, so there was nothing wrong with her photo being hung up. However, it was very, very glaring to Wanwan at the moment.

It wasn't that she didn't like seeing other people happy. On the contrary, she had never targeted Xi Zhiwei. Before this, she had always been the one who provoked her first, and then she retaliated.

However, even if I don't attack her, people think she's kind, so they chase after her and beat her up.

If she had not lost that child back then, if she had not misunderstood and caused PEI Munian to abort her child, perhaps she and PEI Munian would not have ended up like this. Perhaps, if she had had more courage at that wedding, she would not have run away from the marriage. Perhaps, she and PEI Munian would have been able to be in love now.

She had never thought that it was wrong for a person to fight for love, so she had never hated Xi Zhiwei before. However, her fighting should not be built on the pain of others!
