

Deeply 588

588 A domineering return (10)

Su Wanwan looked around and suddenly saw that there were motorcycles constantly passing by her car. Although the small car was blocked and it was difficult to move forward, the motorcycles were unobstructed.

Su Wanwan's eyes immediately lit up.

She turned off the car engine, pushed open the door and got out of the car. She lifted her skirt and walked to the side of the road. After waiting for a while, a delivery boy riding a motorcycle came from the corner. Su Wan quickly ran over to stop him. In a hurry, she actually said, "robbery!"

The delivery man was shocked. He slammed on the brakes and widened his eyes at the woman in a beautiful dress in front of him. "w-what?"

Su Wanwan then realized what she had said. She bit her lower lip in annoyance. "no, I mean, can you rent this motorcycle to me?" "I'll give you however much you want!"

"No, no, I still need to deliver the food."

"Then, then I'll order takeaway from your store. You can send me to a place!"

—

When su Wanwan rushed to the PEI family's old house, it was already past eight o'clock. Su Wanwan casually brushed her hair that was blown messily by the wind and quickly walked towards the main door of the PEI family's house.

Su Wanwan handed the invitation card to the guard at the door. The guard checked it and the invitation card was indeed correct. However, the woman in front of him was disheveled and really didn't look like an officially invited guest. He couldn't help but look at su Wanwan a few more times.

Su Wanwan's cheeks drooped slightly and her hair covered half of her face. When the guard looked over, she even turned her face to the side to avoid being recognized by him.

She was a little worried that the PEI residence had given her an order to not enter. She could not be stopped at the door.

The security guard seemed to have really noticed that something was wrong. He said to her, "miss, please take a look."

Su Wanwan's heart suddenly thumped. Her luck couldn't be so bad, right? was she going to be recognized? Su Wanwan couldn't help but frown.

If Wanwan was really recognized, then she would force her way in?

Su Wanwan subconsciously clenched her hand that was holding the handbag. One of her feet quietly moved back and made a running posture.

To her surprise, someone suddenly walked up from behind her. The next second, she was wrapped in a warm and hard arm, and a familiar voice rang in her ears.

“She’s my female companion, is there anything wrong?”

Ah, so it’s your female companion, young master Gong. I’m sorry, please come in. The Guard’s attitude immediately took a 180-degree turn, and his serious face immediately became respectful.

Gong Lingyu glanced at him, then held su Wanwan’s waist and said softly, “Let’s go,” he said.

Su Wanwan stiffly and dazedly let him hold her and walked through the gate until the guard couldn’t see her. Su Wanwan suddenly came back to her senses and suddenly raised her eyes to look at him.

The man in front of her was a little more mature and steady than a year ago, but the only thing that remained unchanged was his gentle eyes.

After su Wanwan returned to the country, she heard his name from Yu Jia’s mouth from time to time, but she never had the opportunity to meet him. She was stunned for a few seconds and her eyebrows curved. Lingyu, long time no see. Thank you for helping me out just now.

Gong Lingyu smiled. do we still need to thank each other? But now is not the time for us old friends to reminisce.”

He raised his hand and looked at the watch on his wrist. it’s already 8:10 pm. PEI Munian should be done with her formalities.
