Chapter 59 She just doesn't love me (1)

Xi Zhiwei!

Although su Wanwan didn't pay attention to Xi Zhiwei in the past three years, she would occasionally see her on TV. However, she didn't find it strange that she became a star. Although she studied Business Administration with them, her results were always bad. Later, she changed her major, and she should have changed her major to acting.

However, she did not expect that Xi Zhiwei would be so successful after entering the entertainment industry. She was now one of the more popular young actresses in the new generation.

Su Wanwan held the pen in her hand and gently pointed at her name. Her eyes were thoughtful. Then, she raised her eyes and looked at Xiaomei, saying, "Is Xi Zhiwei the only suitable one?"

Xiao Mei nodded. I've compared the current popular young female celebrities and combined the various elements and budget of our products. Xi Zhiwei is the most suitable candidate. Most importantly, Xi Zhiwei has just signed a contract with the PEI family group's Mall not long ago. She's at the peak of her popularity right now. If she can endorse our products, we'll definitely be able to achieve great results.

After Xiaomei said this, she observed su Wanwan's expression and couldn't help but say: "Sister Wanwan, is there something wrong?"

Su Wanwan shook her head.

There was nothing wrong with it, but she had a conflict with Xi Zhiwei in the past. Based on the unpleasant encounter last time they met, she probably still hated her. If she was asked to be the spokesperson, it would probably be impossible.

However, she had to admit that Xiaomei's analysis was right. Since she had decided to spend a lot of money on this project, she had to do it to the best of her ability. Otherwise, her efforts would be in vain. Therefore, even if they had a grudge, she had to try.

Su Wanwan restrained her expression, turned to the last page of the document, signed her name, closed the document, and handed it back to Xiaomei, saying, "Then try to contact Xi Zhiwei's manager and set a time to meet as soon as possible."

"I know."

"Sister Wanwan, if there's nothing else, I'll take my leave first." Xiao Mei took the document and said.

Su Wanwan thought for a moment and added, "you can choose another suitable star as a backup plan."

Xiaomei was stunned for a moment before she replied, "okay."

After Xiaomei went out, su Wanwan couldn't help but lean back in her chair. She looked a little tired. She turned her face and looked at the sky outside the window. The sun had already set in the West and there was only residual light left on the horizon. It was time to get off work again.

She was especially afraid of getting off work. She had to go home after work. Oh no, that place could not even be called her home. She had to face PEI Munian, face his indifference and ridicule, and be careful not to let him see through her hidden thoughts. Every time she went back there, she would be physically and mentally exhausted. She might as well stay in the company and work overtime.

After a while, someone knocked on the office door.

Su Wanwan quickly adjusted the expression on her face, sat up straight, and restored her dignified and elegant appearance. She said, "Please come in."

Su Zhenhua pushed the door open and entered.

Su Wanwan quickly stood up and called out to her grandfather. Then, she walked around the desk and walked towards Su Zhenhua.

Su Zhenhua responded with a smile and continued, "I'm fine. I just passed by and came in to take a look at you. Why, are you still busy?"

Su Wanwan helped Su Zhenhua to sit on the sofa and nodded lightly. well, I still have some work to do.

Su Zhenhua furrowed his brows. it's already time to get off work. Why are you still working? "Don't you need to go home to keep your husband company?"
