

Deeply 593

593 I'm his only wife (3)

Mrs. PEI's eyes sank and she looked at su Wanwan. Her eyes were also filled with unhappiness and unfriendliness. miss su, this is PEI family group's mid-year celebration. Everyone here is our PEI family group's important guests. You are a guest and we welcome you. But if you want to talk nonsense here, then I can only ask you out.

The moment Mrs. PEI spoke, the atmosphere changed again.

Just now, su Wanwan righteously accused Xi Zhiwei of being a mistress. Xi Zhiwei kept retreating. After all, she had not been officially announced as PEI Munian's wife, so she was naturally at a disadvantage. However, Mrs. PEI was different. As PEI Munian's mother, she was the most qualified to speak whether su Wanwan was her daughter-in-law or not.

And her words were obviously helping Xi Zhiwei. Then su Wanwan's words just now felt like shooting herself in the foot.

Before she came, su Wanwan had already made full preparations. She knew that she was here not only to deal with Xi Zhiwei but also to pay attention to Mrs. PEI.

Before this, Mrs. PEI did not like her. After running away from the marriage, she must have been extremely disappointed in her and hated her. So she had expected that Mrs. PEI would stand on Xi Zhiwei's side and help her.

She didn't want to make Mrs. PEI angry again. After all, Mrs. PEI really liked her and it was indeed her fault. When su Wan faced Mrs. PEI, she put away her aggressiveness towards Xi Zhiwei, smiled, and her voice softened. mom, I'm sorry. I lost my sense of propriety, but I just don't want everyone to misunderstand, so that Miss Xi won't have a good time finding a boyfriend in the future.

"What do you mean? I'll have a chat with brother mu Nian." Xi Zhiwei could not help but open her mouth to argue.

"Miss Xi,"

Su Wanwan spoke gently again, " I think there's a misunderstanding between you and mu Nian. Although Wanwan and I did have some conflicts over some matters, that was ultimately a matter between us husband and wife. It's not an opportunity for you to come between us, do you understand?"

Xi Zhiwei was so angry that she laughed.

It was fine if she, su Wanwan, said other things, but regarding the words between her and PEI Munian as husband and wife, she actually had the nerve to say it in front of everyone. It was simply ridiculous.

Xi Zhiwei looked at her coldly and couldn't help but smile contemptuously. su Wanwan, husband and wife? You and brother mu Nian are only a married couple in the past. You're calling me a mistress just because of your past relationship? You, where did you get the face to say that?"

Su Wanwan seemed to have been waiting for this moment, waiting for Xi Zhiwei to say this.

As soon as she finished speaking, su Wanwan opened the handbag in her hand and took out a Red Book. She opened it and presented it to everyone.

She looked at Xi Zhiwei's expression and said, " I have always been PEI Munian's wife, the rightful young Madam of the PEI family. Do you think I have the right to say such things? "

Xi Zhiwei looked at the Red Book in su Wanwan's hand in a daze. Her eyes widened in disbelief. It was as if she had been punched hard and her steps couldn't help but stagger a few times.

The others naturally saw the marriage certificate as well, and they couldn't help but exclaim.

Su Wanwan actually didn't divorce PEI Munian, so her standing here today was indeed legitimate. That Xi Zhiwei was standing here as PEI Munian's fiancée, so she was really a mistress, ah, ran ran.
