

Deeply 603

603 I'm wooing you (3)

Gong Lingyu's smile made su Wanwan stunned for a moment before she realized that he was deliberately teasing her.

Su Wanwan's suspended heart slowly returned to its original place. She glared at him somewhat unhappily. wow, Lingyu, who did you learn from now to be so bad? you even know how to lie.

Su Wanwan's look of relief fell into Gong Lingyu's eyes. His eyes were slightly dark, and there was still a trace of sourness surging in his heart.

Su Wanwan didn't notice his expression and continued, " I'm really worried that you'll remember what I said before. At that time, Xuxu's mind was a little muddled, so I said those words. It's good that you didn't take it to heart. Otherwise, I'd really be guilty.

That kind of words?

Gong Lingyu frowned and confusion flashed in his eyes. Wanwan, what did Wanwan say? " And when was that?"

"Ah?"

Su Wanwan looked at Gong Lingyu in surprise. you don't remember anything? The night before my brain surgery, I told you about Yingluo."

Her words stopped abruptly. Su Wanwan waved her hand. actually, it's better that you don't remember. Don't remember those nonsense I said.

It was the most heart-wrenching to say half and leave half.

Gong Lingyu's gaze turned serious. what did she say? " I don't want to be unable to sleep tonight."

"Aiyaya."

Su Wanwan sneaked a glance at Gong Lingyu, her cheeks blushed in embarrassment. Her eyes flickered a few times before she said in a low voice, " that's right. It was during that period of time when you were always by my side. I had just lost my child and was about to face brain surgery. I was devastated and couldn't help but develop a dependent mentality. So, Wanwan, I was very touched by your company. I also felt a little inexplicable throbbing. I thought that maybe we could try to be together so that I wouldn't let your feelings down.

but Zhenzhen, Lingyu, I'm sorry. I think we're more suited to be friends. Just pretend that I never said those words, Zhenzhen.

Before su Wanwan could finish her words, Gong Lingyu had already interrupted her, " you're saying that you developed feelings for me, who accompanied you during that period of time? In such a short time?"

Su Wanwan thought that Gong Lingyu misunderstood something when she gave birth. She shook her head repeatedly and explained, " didn't I say that it was because I was emotionally fragile at that time, so I hesitated.

"It's not because he's weak, but because he's the right person."

Gong Lingyu interrupted her again. He looked into her eyes and spoke word by word, but he could not suppress the bitterness in his voice.

"What?" Su Wanwan looked at Gong Lingyu in a daze. what do you mean by this? "

Gong Lingyu sighed and turned his gaze to look out the window. When it landed on an empty spot, he smiled bitterly and said in a hoarse voice, " Wanwan, I really didn't want to tell you.

The sentence he said to su Wanwan just now, " I've been waiting for you, " wasn't a lie, but the most sincere words hidden in the bottom of his heart. He always held on to his last little hope.

However, this hope could only end here.

People who don't love you will never love you. No matter how touched you are, it will never turn into love.

Gong Lingyu closed his eyes and leaned his head against the back of the chair. After a moment of silence, he slowly opened his eyes, opened his thin lips, and slowly said, " at that time, the person who was with you was not me. It was PEI Munian.
