

Deeply 604

604 I'm wooing you (4)

As Gong Lingyu's words slowly entered her ears, su Wanwan's eyes widened little by little. During the time before her brain surgery, the person who accompanied her, gave her great comfort, and even touched her in the end, was PEI Munian actually Xuxu?

Gong Lingyu turned to look at her, paused for a moment, and continued, "there's one more thing that you didn't expect. Mr. W, it wasn't me but PEI Munian.

Su Wanwan was completely stunned. As if she couldn't believe it, her lips trembled and she was full of surprise, "how, how could it be Hanhan?"

he lent me his identity as Mr. W so that I could negotiate with you. He wanted you to live.

As Gong Lingyu spoke, he could not help but sigh. to be honest, I've never felt that I'm inferior to him in any other aspect. However, I'm convinced by him in this matter.

he could've told you directly that he was Mr. W. That would at least prove that he didn't really want to acquire the SU group back then, and that he didn't really want to take revenge on you.

so, Wanwan, if you've really made up your mind and you want to be with him and spend the rest of your life with him, then go for it.

"I wish you well."

The most painful thing in life was to love but not get it. But true love was never about possessing her, but if she was happy, he would let her go. After being stubborn for so long, he should have understood this.

Gong Lingyu sent su Wanwan back to the SU residence. He sat in the car and watched her figure disappear behind the door. He sat silently for a while, then took out his phone and made a call.

It was a little late and the phone rang for a long time before the other side picked up. With a sleepy voice, he asked, "who is it?"

"I'm heartbroken, have a drink with me."

With just one sentence, the other party realized who he was and was instantly enraged. is being lovelorn your aunt?" Once a month? If I talk to you again, I'm a f * cking b * stard!"

Gong Lingyu's ears hurt from the roar and he couldn't help but put his phone away.

The next second, the phone was hung up without any hesitation.

He didn't mind and counted with his fingers. This time, his phone rang when he reached five.

Gong Lingyu looked at the name jumping on his phone screen and answered the call unhurriedly. As expected, the line on the other end was the same as usual. where is it?"

—

The people who had accompanied her back then were PEI Munian and Mr. W.

These two pieces of news were more shocking to su Wanwan's heart than anything else tonight.

She would never have thought that the PEI Munian from before was not only as Dr. Zhao had said, but had also done so many things for her silently.

Now that she thought about it, there were indeed many flaws during that period of time. When " Gong Lingyu " was with her, he almost didn't speak much. Even if he did, his voice was hoarse, and she couldn't tell who was who. Moreover, that night, when she briefly regained her vision, she vaguely saw PEI Munian's figure.

Back then, she had been so immersed in rejection and hatred that her eyes could not see, but what was even more invisible was her heart.

Fortunately, Yingying wasn't too late.

Even though PEI Munian did not have feelings for her like before and was even emotionally involved with Xi Zhiwei, she had regained her confidence. She was confident that she could win his heart back!

After that, su Wanwan waited for a week before PEI Munian finally contacted her.
