

## Deeply 606

606 I'm wooing you (6)

As su Wanwan spoke, she paused and quickly changed her words. no, it's mom's future happiness. It all depends on you.

She had to remember that her identity had changed from a sister to a mother. She couldn't let herself be exposed!

Su Wanwan took a deep breath and then said to Xiao Zeze: little ze ze, I'm mommy. Mommy, mommy, remember!

Little Zeze still opened his big eyes and looked at su Wanwan foolishly happy. His small mouth cracked into a smile.

Su Wanwan was also amused by him. What was she worried about? her little ze ze was so cute. Who wouldn't like him? he would definitely be able to make PEI Munian like him too.

Su Wanwan carried Xiao Zeze downstairs. Nanny li was wiping the table with a rag. Seeing this, she smiled and said: "Miss, are you going to take the young master out?"

yes, we probably won't be back for lunch. You don't have to wait for us.

Nanny li nodded. okay.

Su Wanwan took two steps towards the door and suddenly remembered something. She turned back and said to nanny li: "That nanny li, Wanwan."

"Miss, what's wrong?"

Su Wanwan lightly swallowed her saliva and said in a low voice: if anyone comes to find out about Xiao zeze's background, just say that he is my son, understand? "

Nanny li was taken aback. this is awkward.

The young master was clearly the young miss's younger brother, but he said he was her son. Wouldn't this affect her future marriage?

Su Wanwan seemed to know nanny Li's concerns and smiled slyly: " nanny Li, I can only marry into a good family with this burden. Don't worry, I won't be alone until I die.

"Miss, you always like to talk nonsense," nanny li rebuked.

Ever since old master passed away, miss's temperament had changed a lot. She was not as suppressed as before and was much more lively. Nanny li was very happy for her, but if she was too lively, it would not be good.

"Nanny li, if someone comes to ask, just say that."

Nanny li nodded helplessly. okay, I understand.

The appointed time with PEI Munian was ten in the morning. Su Wanwan drove and arrived ten minutes earlier. She parked the car in the parking space in front of the hospital entrance, got out of the car, and carried Xiao Zeze out.

From afar, she saw assistant Wu standing at the door. Su Wanwan quickly looked left and right, but did not see PEI Munian's figure.

Su Wanwan's eyes flickered slightly. Is PEI Munian not here yet, or is Wanwan not planning to come? Did he really not want to see her that much?

Su Wanwan walked closer with the child in her arms. Assistant Wu stepped forward and greeted her with a smile, "miss su, long time no see.

Although they had met at the banquet that day, they had not had the chance to greet each other.

Su Wanwan smiled and responded, "mm, long time no see. How have you been?"

"It's the same old."

Assistant Wu's Black eyes looked at the little baby in su Wanwan's arms and was immediately captured by his big eyes. is this the little young master? She's so cute."

yes, his name is little Zeze. Little Zeze, say hello to uncle assistant.

Xiao Zeze seemed to understand what he was saying and waved his little paws lazily, which made assistant Wu's fatherly love burst out in an instant. He quickly said, "Can I hug you?"

"Sure,"

Su Wanwan carefully handed the child to him, then pretended to be careless and said, "Where's PEI Munian? He's not here yet?"

"Uh, Yingluo."

Assistant Wu's smile disappeared. She glanced at su Wanwan with a little embarrassment and said in a low voice: Boss PEI has an important meeting to attend today.

"Tell me the truth," Su Wanwan exposed his white lie without any explanation.
