

Deeply 610

610 I'm wooing you (10)

PEI Munian's dark eyes swept over the boxes and his gaze froze. He changed into slippers and walked in. There was no one in the hall, but he could vaguely hear the voices coming from upstairs.

PEI Munian turned around and walked up the stairs with her long legs, one step at a time.

On the second floor, PEI Munian followed the voice and saw su Wanwan holding the child and standing in front of the guest room with aunt Wu. They were discussing how to decorate the room into a baby's room and what they needed to buy and add. Aunt Wu was taking notes in a small book.

PEI Munian stared at them for a few seconds. He leaned against the wall and laughed coldly.

His laughter interrupted su Wanwan and aunt Wu's conversation. Su Wan reflexively turned her head and met PEI Munian's dark eyes, which were suffused with a cold light. Su Wanwan subconsciously swallowed her saliva.

He was back quite early. She hadn't even moved all her luggage in yet.

"Young master, you're back." Auntie Wu hurriedly greeted PEI Munian when she saw her.

Su Wanwan reacted and also greeted him with a smile, " Nian Yueyue hubby, you're back, Yueyue.

This "hubby" almost made Auntie Wu choke. She looked at su Wanwan in shock and unconsciously looked at her young master. As expected, the expression on his handsome face suddenly became gloomy.

Auntie Wu lowered her head and took a step back.

PEI Munian stood up straight, took a step forward with her long legs, and walked towards su Wanwan. Her whole body was filled with a huge sense of oppression. Every step she took seemed to be stepping on su Wanwan's heart.

Su Wanwan's heart trembled a little. It would be a lie to say that she wasn't afraid. After all, PEI Munian's anger towards her was so obvious, but she couldn't back down. Since she wanted to get him back, she had to strike while the iron was hot and catch him off guard.

PEI Munian walked to su Wanwan in a few steps. Her sharp eyes fell on her face, as if she wanted to see through her whole person. Her voice was deep and ruthless. who allowed you to come in here? "

These words were said in a daze.

Su Wanwan raised her eyes and secretly glanced at PEI Munian. She coughed lightly and replied in a low voice, " this, this is my home. I don't need permission from others to go back to my own home."

"Home?" PEI Munian retorted, not hiding his sarcasm at all.

Su Wanwan swallowed her saliva again, straightened her back a little, and summoned up her courage to say, " yes, we're still husband and wife, so this is still my home. I'm going home. Is, is there anything wrong with that? "

In the past, he had always hoped that she would treat this place as her home. However, to her, this was just a temporary place to stay. She didn't need to miss it even when she came and went. Now, she was saying that this was her home?

The ridicule in PEI Munian's eyes became even more obvious and her voice became colder. su Wan, what do you want to do? "

What did he want to do?

On the night of the banquet, he had asked her this question and she had already answered him. Why was he asking her this question now?

Did he not believe her previous answer? But Yingluo was telling the truth!

She still liked him and loved him. She didn't want to see him marry another woman, so she wanted to win him back.

Su Wanwan's dark eyes turned and a light flashed in the bottom of her eyes. I, am I not obvious enough? I don't want to divorce you. I want to be husband and wife with you for the rest of my life. So, I'm chasing you now."

Chase him?

Was this another of her new tricks?

PEI Munian's expression did not change and became even colder. get lost yourself, or do you want me to get someone to ask you to get lost? "
