### 619 Pouncing on her (9)

Before PEI Munian came out, su Wanwan's mind had already thought of many erotic positions, so the moment he looked over, she immediately laid on her side.

Her slender arms were supporting the back of her head, allowing her long black hair to fall down. A few strands of hair fell in front of her body, and her full softness was faintly discernible. Against the black background-it made her look even more fair.

As she was lying on her side, the lace nightdress could only cover-little below her buttocks. Her long and slender legs were right in front of PEI Munian's eyes. She deliberately crossed them and placed them in front of her, making them look even more attractive.

The lights in the bedroom had been dimmed by her, and the light that shone on her body had a kind of Dark Temptation.

Su Wanwan's big eyes blinked and looked at PEI Munian. The light at the bottom of her eyes flowed and her expression was moving. Her red lips opened slightly and her voice was as soft as water, " niannian, you're done? "

This scene and this person barged into PEI Munian's eyes without any warning. Her black pupils suddenly contracted, and the fire that she had suppressed in her body burned up again in an instant, pressing towards somewhere below her body.

PEI Munian's thin lips were tightly pursed. An imperceptible trace of embarrassment flashed quickly in his eyes, but it disappeared in a flash. His black eyes condensed and he took two or three steps forward. He clasped su Wanwan's wrist and was about to pull her up.

Su Wanwan had long expected that he might throw her out again, so when he grabbed her wrist, she pulled hard on the other side. PEI Munian didn't pull her up but was pulled down by her instead, and her whole body fell directly on su Wanwan.

PEI Munian was stunned for a moment.

Su Wanwan blinked her innocent eyes and said to PEI Munian, " "Niannian, I didn't expect you to still be so enthusiastic, Yingluo."

With a soft body under her, PEI Munian lowered her head and could smell the faint fragrance coming from su Wanwan's body. Just like in her memory, he was completely out of control and there were already some changes in a certain part of him.

The two of them were so close to each other that su Wanwan could immediately feel the change in PEI Munian's body. Her eyes were filled with excitement. She knew it. She had already gone all out. How could PEI Munian not have any reaction!

It seemed that she was already halfway to success!

Su Wanwan took advantage of her victory and pursued him. She hooked her arms around PEI Munian's neck, raised her head, and kissed him on the lips with her red lips. niannian, I also missed you, Huahua.

However, just as her lips were about to kiss him, PEI Munian suddenly reacted. She turned her face to the side and dodged her kiss. Then, his hand also grabbed her hand that was around his neck and directly pressed it on both sides of her face. He propped up his upper body and looked at her with a deep and terrifying gaze. His voice was a little hoarse, but there was no warmth in it. su Wan, do you only know how to play this kind of trick now?"

Su Wanwan acted as if she didn't understand his sarcasm and even misinterpreted his meaning. niannian, so you don't like me taking the initiative? well, I won't move, you do it ~"

Su Wanwan closed her eyes and deliberately pouted her red lips.

"Xuxu su Wanwan!"

The roar in her ear really made su Wan's little heart tremble, but she also knew that PEI Munian was rejecting her now. If she was a little shameless and shameless, then she would have no chance to get close to him, so she could only be shameless to the end!

PEI Munian laughed in anger and spoke even more rudely. I'm sorry, I don't have any interest in you!
