629 Thirty-six ways to pursue your husband (9)

Without hesitation, PEI Munian reached out to push the person in her arms. Su Wanwan, however, was like an octopus and hugged PEI Munian tightly. niannian, I'm too cold. Just let me hug you for a while.

"Let go!"

"Niannian, I'm really cold." Su Wanwan's body trembled and she squeezed into PEI Munian's arms. you should be a good person to the end.

PEI Munian could only force her hands and feet away. However, just as she pulled her hands away, her feet wrapped around hers. She pulled her feet away and hugged him tightly. As she was sick, PEI Munian did not dare to use too much force for fear of hurting him. After a long tug-of-war, not only did he not pull her away, but she even hugged him tighter. As their bodies were entangled, they rubbed against each other through their clothes. The heat from her body seemed to transition to his, and his body also became hot. There were faint signs of raising his head somewhere under his body.

PEI Munian's breathing became heavy and his eyes darkened. The veins on his forehead protruded slightly. He exerted force and firmly pressed su Wanwan into his arms. His voice was a little rushed. su Wanwan, stay here and don't move!

When he spoke, his hot breath constantly rushed into su Wan's ear. Su Wan belatedly noticed PEI Munian's physical reaction. She was first stunned, then secretly laughed.

As expected, it was much more efficient this way.

PEI Munian's self-control wasn't that strong, or was it because Wanwan was her, so her self-control was weaker?

Su Wanwan naturally wouldn't be obedient. She pretended to be innocent and said, " niannian, you're hugging me too tightly. I can't breathe.

As he spoke, his hands and feet started to struggle again. When she moved, there was friction between her body and PEI Munian's breathing became heavier. Suddenly, he turned over and pressed su Wanwan under his body, suppressing all her hands and feet. I said don't move around. Don't you understand? "

Su Wanwan blinked her big eyes. I'm just feeling a little uncomfortable. I didn't do it on purpose.

PEI Munian took a deep breath. su Wanwan, if you want to sleep, then sleep well!

"I've been sleeping well the whole time!"

Su Wanwan's dark eyes swept across PEI Munian's forbearing face. if you let me hold you properly, I wouldn't move.

As she spoke, su Wanwan pointed at his lower body. that, if you're really uncomfortable, Huahua, I can actually use another method to reduce your fever.

"Isn't sweating the cure for the fever? our Yingluo can help each other, right?"

“.....”

“I promise I won’t pass the disease to you!”

“Su Wanwan, shut up!”

“There’s only one way to shut me up!” Su Wanwan suddenly raised her head and her red lips kissed PEI Munian’s.

At first, PEI Munian didn’t react and let su Wanwan kiss him for a while. PEI Munian suddenly came back to her senses and straightened his body with a whoosh. He stared at su Wanwan with an extremely complicated expression.

The anger in his eyes rolled, as if it was going to burn su Wanwan’s whole body. But behind this anger, there was a trace of confusion.

He stared at her for a while, then opened his thin lips slightly. His voice was hoarse and there was an imperceptible helplessness. is it fun for su Wanwan to tease like this? ”

Is it fun to play like this?

Su Wanwan was stunned and her eyes slowly filled with doubt.
